NUMBER 14.

## GERMANY WILL RATIFY LONDON PACT!

### FAVORABLE ACTION WILL BE TAKEN EVEN IF REICHSTAG SHOULD REFUSE

**Legislative Body Will Be Dissolved If It Will Not Sign Agreement Reached London Conference, Indicated at Government Headquarters—French Body Ratifies Signature to Lausanne Treaty.**

(By Associated Press)  
BERLIN, Aug. 27.—The German government will sign the London agreement whether or not the Reichstag approves it, it was officially announced today. If the Reichstag rejects the pact on the Dawes reparation plan, elaborated at the International Conference in London, the legislative body will be dissolved, according to announcements.

**FRENCH SENATE FOLLOW UP CHAMBER DEPUTIES**  
PARIS, Aug. 27.—The French Senate today ratified the Treaty of Lausanne with only 20 negative votes, after a debate of two hours. The Chamber of Deputies had voted for ratification on Monday. Thus the Senate's action today gives official adherence to the treaty which was signed July 24, 1923, re-establishing peace in the Near-East. France is the fourth power to ratify the treaty which became effective August 6. Great Britain, Italy and Japan are the other powers to have ratified the treaty.

### AUTOMOBILE HIT BY FRISCO TRAIN

**HUSBAND AND WIFE AND CHILD ARE BADLY INJURED—ACCIDENT OCCURRED AT BRADY**

### TWO-YEAR CHILD KILLED

(By Associated Press)  
BRADY, Aug. 27.—Mr. and Mrs. Marion Coots were badly injured, and their two-year-old child killed and another child injured when the automobile in which they were riding was struck by a Frisco passenger train near here yesterday.

### GRADING WORK ON BRENNHAM HIGHWAY NOW AT STAND-STILL

BRENNHAM, Aug. 27.—Grading work on the new north and south highway in Washington county is at a standstill because of the disappearance of Luther McMillen, road contractor, who had the contract for the work, from his home in Austin two weeks ago. The commissioners court met Monday to consider the situation. After a lengthy session a proposition was submitted to the bonding company, and the commissioners will meet next Monday to consider the reply. In the meantime, nothing can be done on the road project, and work of the bridge company is also being delayed.

### THE WEATHER

NEW ORLEANS, La., Aug. 27.—For Bryan and vicinity: Tonight and Thursday partly cloudy.

### TEXAS DEMOCRATIC PARTY WORKS TO SECURE RELEASE FROM PLEDGES

(By Associated Press)  
AUSTIN, Aug. 27.—Resolutions were framed today for representation to the Democratic Platform Convention here next Tuesday, releasing all "loyal" delegates from "all pledges of support for James Ferguson, directly or indirectly and Barry Miller, because of their political treachery. The "treachery" resolutions recite is due to alleged violation of pledges in previous primaries to support the Democratic nominees.

**REPUBLICANS NOT NAMED CANDIDATE GOVERNOR**  
HOUSTON, Aug. 27.—The State Republican executive committee today postponed action on the nomination of a candidate for Governor until after the Democratic State Convention, adjourning to meet at Dallas on September 5. Mrs. F. E. Illsley of Houston was nominated for Superintendent of Public Instruction and Captain Frank Ogburn of Dallas, nominated for Land Commissioner.

### CONTRACT LET TO IMPROVE WASHINGTON PARK

Tuesday afternoon the Washington State Park Commission met in Navasota at the home of the chairman, Mrs. J. Wallace Brosing, with the following members present: Mrs. Arthur E. Becker of Brenham; Mrs. M. Sledge Houston of Somerville; and Mrs. Lee J. Rountree of Bryan. At this time the board accepted the landscape plans drawn by F. T. Ramsey & Son, of Austin, and signed up a contract with a Brenham company to begin at once the laying off and grading of driveways through the park. Other recent work done at the park include a complete survey of the grounds and the making of a topographical map, which was done by the State Board of Water Engi-

### ONE KILLED AND TWO OTHERS INJURED AUTO WRECK AT ROCKDALE

ROCKDALE, Aug. 27.—Charles Schiehine, Jr., 19 years old, son of the owner of the ice plant, was killed almost instantly Monday evening when the Ford roadster in which he was riding collided with a farm wagon on the Rockdale-Thorndale highway. Young Scheihine was riding with Miss Charley Gregory and Jack Clifton. The young people attempted to pass to the left of a wagon in the road, not seeing the second wagon immediately in front of it.

The protruding wagon tongue of the second wagon passed through the car, breaking his neck and killing him almost instantly. Miss Charley Gregory sustained three fractures of the skull from the same blow, and is now in the Cameron hospital in a critical condition. Jack Clifton, son of H. T. Clifton, an oil operator at this place, received a broken nose and numerous cuts.

The funeral of Charles Schiehine will be held this afternoon with interment in the Rockdale city cemetery. Rev. N. H. Melbert of Houston, who was former Methodist pastor of this town, will deliver the funeral address.

### IN THE LONG AGO

Taken from the files of the Houston Post, August 27, 1899, twenty-five years ago: "Taylor—Lee J. Rountree has received a letter from William J. Bryan conveying the information that he voted for C. F. Crisp for speaker of the National house, and that stories to the contrary are untrue."

Mr. and Mrs. C. H. Ward and baby returned today to their home at Cisco after a visit in Bryan as guests of Dr. and Mrs. John A. Held.

### COTTON-BUYER OF WACO FOUND ON BANK BOSQUE RIVER

(By Associated Press)  
WACO, Aug. 27.—Found in a dazed condition late yesterday on the banks of the Bosque River, at China Springs, 15 miles north of here, J. L. Mullino, of Hillsboro, died today in a Waco sanitarium. Acute indigestion was assigned as the cause. He was a prominent Central Texas cotton buyer.

### MISS HELEN HIGGINS AND EDWARD DAVIS WERE MARRIED TODAY

The marriage of Miss M. Helen Higgins and Mr. Edward Everett Davis of Nacogdoches, was solemnized at the home of the bride on the A. and M. College campus this afternoon, August 27th, at 2 o'clock, with Rev. R. C. White, of College, officiating. The bride wore an elegant dress of white crepe trimmed with Irish crochet, and a becoming hat of white silk, and carried a bridal bouquet of bride buds, the gift of the groom. The groom was attired in a suit of silk pongee. Those present to witness the beautiful and impressive ceremony included only Miss Higgins' official staff of the home demonstration department of which she is the popular and capable state agent, Miss Temple Davis, of Belton, a sister of the groom, Miss Higgins of Dallas, a sister of the bride, and a few intimate friends of the contracting parties. Immediately after the ceremony, Mr. and Mrs. Davis left on the southbound train for Houston. They will go to Mexico City, where they will spend a month, after which they will make their home in Nacogdoches.

The bride is the daughter of Mr. and Mrs. M. Higgins of Whitesboro, Grayson county, Texas. For the past several years she has been connected with the Extension Service department of the A. and M. College and for the past two years has been the state agent of the home demonstration department. A young woman of brilliant attainments, and unusual executive ability, linked with a personality of charming worth and womanly graces, Miss M. Helen Higgins has won for herself a place in the hearts of all who know her, not only at A. and M. College, where she has served in her important work so efficiently, but over the entire State of Texas.

Mr. E. E. Davis is professor of education at the State Teachers' College, Nacogdoches, and a man of highest attainments and ability. As one of the leading educators of the State, he is widely and favorably known.

### CROWE DEMANDS DISEASE NAMED

**COMPETENCY OF ALIENIST FOR DEFENSE ATTACKED BY STATE'S ATTORNEY**

### ONSLAUGHT ON DEFENSE

(By Associated Press)  
CHICAGO, Aug. 27.—State's Attorney Robert Crowe today resumed his onslaught upon the mercy plea in behalf of Nathan Leopold, Jr., and Richard Loeb. With a renewed attack upon the competency of defense alienist testimony, describing mental debility of the youthful murderers of Robert Franks, Crowe insisted upon a name for "these strange mental sicknesses invented for this case."

Miss Ella Smith of San Antonio, sister of Miss Artie Lou Smith and J. Tom and Coulter Smith of this city, arrived today for a visit and is with her sister, Miss Artie Lou at the residence of Mr. and Mrs. M. S. Edge.

Asked how she felt this morning when she woke up and realized that she was the nominee, Mrs. Ferguson countered: "Wake up? I didn't even go to sleep. If course, I'm overjoyed, but there is the realization of responsibility, and I shall pray God for guidance just as I did throughout this campaign."

### HOT WEATHER CONTINUES—DETERIOATES CROPS

The extremely dry, hot weather continues in Brazos county and with little indications of rain. It is said by many who have lived here longest that it is the hottest weather and among the severest drouths ever known here. The upland crop is estimated by many farmers to be only about half what it was last year. The sweet potato crop is cut very short.

MRS. MIRIAM A. FERGUSON  
Democratic Nominee for Governor of Texas in Saturday's Primary Election

(By Associated Press)  
TEMPLE, Aug. 25.—Mrs. Miriam Amanda Ferguson, nominated for Governor of Texas Saturday in the Democratic run-off primary, is "just a quiet, unassuming wife and mother" who has never taken much interest in social affairs, or political affairs, save when her husband was involved. Until it was ruled that her husband, former Governor James E. Ferguson, was ineligible to hold office in Texas because of his impeachment in 1917 and until the courts this spring ruled that he could not get his name on the ticket as a candidate for governor, she has had "no very great desire" to hold office.

But today she is the proud holder of the Democratic nomination for governor of Texas, which has always meant election in this state, and she says her heart is full of joy, not because the office will mean much to her personally, but because the expression of the confidence of the people in the Ferguson family means everything to her children and her children's children. Also, she is proud for Jim's sake.

### Age Not Given.

Like many other women, Mrs. Ferguson objects to tell her age. "There isn't any use in bringing that in," she smiled at her interviewer today. "Besides," she added, "you better not do it."

"Why?" she was asked.

"Oh, because—because I'm the woman nominee for governor now."

Mrs. Ferguson was born and reared in Bell county, about 10 miles from Temple. Her parents were Mr. and Mrs. Joe L. Wallace.

Both are dead. Mr. Wallace was one of the earliest settlers of Bell county, coming to Texas from Tennessee. He acquired large land holdings in the richest part of the Texas cotton belt and Mrs. Ferguson now owns a large black land farm out of which she was born. It is a very humble country dwelling, no longer used as a home; but during the campaign Mrs. Ferguson has visited it frequently just to get her mind off political affairs.

### Attended Baylor College.

Mrs. Ferguson attended a one-room school and later was student at Baylor College, Belton. She was married in 1899 to James E. Ferguson, her girlhood sweetheart, whose father also was a pioneer settler of this section. They have two children, Mrs. Ouida Ferguson Nalle, of Austin, Texas, and Miss Dorra Ferguson—the latter being her private secretary in her campaign. "Don't forget to mention my grandson," she cautioned; for it was to vindicate her husband's name that she ran, "that little Ernest Nalle, 5 years old, might not be embarrassed should he wish to run for office when he grows up."

### "Ma" Put It Over.

Ernest is the idol of his grandparents and is a frequent visitor in the Ferguson home. He is now in New York with his mother, Mrs. George S. Nalle, but he and his mother talked to Mrs. Ferguson by telephone early today and congratulated her on her victory.

Mrs. Ferguson is very chummy with her children. They call her "mother." Her husband calls her "mamma." In her campaign her supporters called her "ma," because of her initials, "M. A."

Asked how she felt this morning when she woke up and realized that she was the nominee, Mrs. Ferguson countered: "Wake up? I didn't even go to sleep. If course, I'm overjoyed, but there is the realization of responsibility, and I shall pray God for guidance just as I did throughout this campaign."

### HOT WEATHER CONTINUES—DETERIOATES CROPS

The extremely dry, hot weather continues in Brazos county and with little indications of rain. It is said by many who have lived here longest that it is the hottest weather and among the severest drouths ever known here. The upland crop is estimated by many farmers to be only about half what it was last year. The sweet potato crop is cut very short.

R. Franze of the Wixon community was in Bryan today on business.

### PLAYGROUND AND FOOTBALL TOPICS AT ROTARY MEETING

Following the luncheon hour, the singing of songs lead by Song Leader S. Moylan Bird, and the introduction of regular visitors, the meeting was turned over to Hy T. Schovajsa, in charge of the program, who introduced others taking part on the program. County Attorney Oak McKenzie pleaded on behalf of the children—and older people, too—for a playground, one or more, for the City of Bryan, where people could go for recreation of a simple nature. He urged that steps be taken at once toward this end and while vacant plots were available at a reasonable price. Lions members present, Jess Cook and Tom Suber, responded to the talk and stated that the Lions Club was backing this movement with the Rotary, and each of the speakers on this subject stressed the necessity of getting every civic organization possible back of such a large enterprise, in order to carry it through to successful completion. Other bodies suggested were: The Bryan Chamber of Commerce, the City Commission and the Bryan Woman's Club.

Then the matter of underwriting the high school football team for the purchase of equipment amounting to \$325 came before the members. Signers were requested to remain after the regular meeting was over and affix signatures to the note. Then the members of the Bryan high team present were each introduced by W. S. Barron.

Rev. S. Moylan Bird reported on his vacation trip at Port O'Connor and gave the daily schedule which was quite amusing. John D. Rogers expressed his appreciation at being present. Cigars donated by Casey's Confectionery at College were passed around. T. A. Adams was named as in charge of the program for next week.

### Football Boys Present

Those present at Rotary meeting today were: W. S. Barron, C. S. Beckwith, S. M. Bird, J. W. Black, T. B. Bryan, Wilson Bradley, J. F. Casey, Gabe Cazell, W. B. Cline, W. F. Davis, R. M. Dansby, S. E. Eberstadt, W. E. Farmer, E. J. Fermier, E. J. Fountain, H. C. Fulgham, C. E. Greisser, O. W. Goolsbee, W. W. Griffin, C. F. Hillier, Madison Hall, W. H. Hall, Kay Haswell, Tyler Haswell, E. P. Humbert, Forrest Jones, T. K. Lawrence, W. H. Lawrence, J. M. Lawrence, Jr., Ivan Langford, J. A. Moore, Jr., Oak McKenzie, A. S. McSwain, Roy Montgomery, J. W. Payne, J. T. S. Park, M. L. Parker, David Reid, J. L. Reese, Charles Sosolik, H. T. Schovajsa, M. E. Wallace, D. L. Wilson, C. G. Walker, T. R. White, I. E. Warren and E. E. Yeager. Visitors were: Tom Euber and Jess Cook from the Lions Club; Rotarian J. P. Owen, Waco; Victor P. Gayle, F. D. Vance, Bennie Baskin, coach at Allen Academy; Philip L. Johnson, of the Wabash Railway Company; John H. Webberley of the Frisco lines; J. Bryan Miller, City Manager; Minor Stewart, wife and son of Houston; and John D. Rogers of the Allenfarm, near Navasota, and Miss Nora Ward, of the Western Public Service Company. The members of Bryan high school football squad present were: Harry Williams, Sexton Orms, Morris Snapp, Charles Reynolds, Clarence Cloud, George Smith, Stuart Cole, Richard Grant, Bill Oliver, Trant Hunicutt, Ben Kaplan, Wallace Wilcox, Joe Lloyd, Joe Sellers, Sam Trant, J. W. Hamilton, Lawrence Griffin, Donald Held. H. D. Cuykendall of Bryan Eagle was also present.

### LETCHER P. GABBARD OF COLLEGE MARRIED MADISON, WISCONSIN

Mr. and Mrs. Letcher P. Gabbard arrived in Bryan on Tuesday and have taken an apartment at the Edge. Mr. Gabbard, who is Chief of the Division of Farm and Ranch Economics of the Experiment Station at A. & M. College, left early this summer to spend his vacation taking special work at Madison, Wisconsin, on the subject of "Marketing." While there he was married on Tuesday, August 12, to Miss Mildred Isabelle Haggarty, daughter of Mr. and Mrs. Thomas Haggarty, at the home of the bride's parents, at Knapp, Wisconsin. On the return to Bryan and College, Mr. Gabbard took his bride to scenic points in Colorado for a short honeymoon. Besides enjoying the scenic resorts in that section they visited the Kennedons at Fort Collins, people who formerly lived here. Mr. Gabbard hails from Kentucky and is one of the leading members of the scientific staff of the Experiment Station. The other members of the department extend heartiest congratulations and join The Eagle in wishing them well.

W. F. Gibbs is in Dallas today on business for the firm of W. F. Gibbs & Son.

### BOY FINDS BODY OF AGED FATHER IN DEBRIS OF FIRE—ALL NIGHT SEARCH

**Spark from Boiler Fire-box Set Fire to Pile of Shavings that Resulted in Property Loss of \$30,000 when Building and Business of Texas Barrel Works at Houston Is Totally Destroyed.**

(By Associated Press)  
HOUSTON, Aug. 27.—Herman Lentschke, aged 68, a watchman at the Texas Barrel Works, lost his life in a fire that swept through the plant last night, it was discovered today. The man's body was found by his 15 year old son today, after the youth had spent the night in searching the ruins. Damage of approximately \$30,000 was caused by the blaze which started when a spark from the fire box beneath the boiler ignited a pile of shavings.

### EXTENSION SERVICE GIVES MEASURES FOR FIGHTING LEAF WORM

Measures for fighting the cotton leaf worm, which is making an appearance in some counties in the state, are pointed out in a communication recently given out from the office of T. O. Walton, director of the co-operative extension work at A. & M. College. The suggestions are made by F. L. Thomas, state entomologist.

"About the middle of July," Mr. Thomas says, "specimens of the cotton leaf worm were found along the gulf coast in several localities. Although rather general in these localities, the infestation was not heavy and later reports of government agents show that it was sharply checked by drouth. The second generation which is very small is now laying eggs and the worms may appear shortly in other section of the state.

### Formulas Are Given

"When applied in dust form, calcium arsenate may be used without diluting. Arsenate of lead may be mixed with one-fourth as much hydrated lime to improve its physical qualities, thus permitting this poison to be more easily applied. It also possesses the advantage of adhering to the plants for a greater length of time. Paris green, when dusted, should be mixed in the proportion of one part Paris green, to eight parts of hydrated lime. Upon being used extensively Paris green sometimes causes sores on the mules. This is due to the arsenic of Paris green becoming dissolved in the perspiration of the animal. In making the above applications for cotton leaf worm, the well known pole and bag method is about as efficient as the more expensive dusting machinery. "Where spraying is preferred to the dusting method, three-fourths pound of calcium arsenate or one pound of arsenate of lead may be used in 50 gallons of water. In the case of Paris green, one-half pound of rock lime should be added to prevent burning the foliage."

### HURRICANE HIT OCEAN STEAMER

**WHITE STAR LINER "ARABIC" IS SLIGHTLY DAMAGED BY STORM OFF NEW YORK**  
**PASSENGERS INJURED**

(By Associated Press)  
NEW, YORK, Aug. 27.—Several passengers on the White Star liner "Arabic," bound from Hamburg to New York, were injured last night when the ship ran into a hurricane, according to word received here today. A radiogram added that the vessel was damaged by the gale. She will dock here this afternoon.

### H. LITT RETURNS TO BRYAN AND BUYS OUT BROTHER IN LAW

H. Litt, after selling his half-interest in the firm formerly known as Litt & Rozner, and going to Houston to seek a location, has returned to Bryan and purchased the business back and now is the sole proprietor of it instead of his brother-in-law, H. Rozner. Mr. Rozner is planning to go on the road as a salesman, selling fruit.

### YOUNG BATTLE AT FORT WORTH

**RALPH DUNCAN SHOT AFTER MANY SHOTS EXCHANGED BY SEVERAL MEN**

### ONE MAN WAS KILLED

(By Associated Press)  
FORT WORTH, Aug. 27.—Ralph Duncan was shot and killed here today. W. S. Phillips was arrested. The killing was said to have followed the firing of many shots from pistols and rifles by a number of men. No other arrests have as yet been made.

### MURDER CHARGE FILED

Duncan was employed by Bob Brazziel, a garage owner. Phillips also conducted a garage. A murder charge has been filed against Phillips. Brazziel, who was riding in an automobile with Duncan when the latter was shot, said he fired twice at Phillips after the shooting.

### DEFENSE TEST DAY TO INTEREST PEOPLE IN PLANS LAID OUT

"I am taking this opportunity of communicating with you concerning National Defense Day," writes Joseph Yuditisky, captain D. O. L. (Cavalry). Recruiting Officer, from the U. S. Army Recruiting Station, Old Federal Building, Houston, Texas, to Mayor Tyler Haswell, chairman, Defense Test Day Committee. "The Secretary of War, with the approval of the President, and in keeping with the provisions of the National Defense Act of 1920, designated September 12th, ninth anniversary of the battle of St. Mihiel and the day designated for the retirement of General John J. Pershing, as National Defense Day this year. The test has nothing to do with any militaristic program, policy, or propaganda. It constitutes no obligation upon the citizens participating to enlist in any organization or to make any contract for military service. It means simply taking stock of ourselves to determine our readiness to respond as a nation to the call of our country's need, that hereafter we may not be found in a state of unpreparedness as existed at the beginning of the last war.

### Three Main Objects.

"The special object of National Defense Day is to test the feasibility of the War Department general defense plans, including the idea of localized mobilization; to illustrate to each military unit and to the community where it is to be assembled that the unit is representative of the community—consists of its sons and should therefore receive its best support; and to foster the spirit of patriotism.

### Neff's Proclamation.

"The fundamental objects of the Defense Day test is to interest citizens and local communities in our defense plans and to acquaint them with their part therein. Plans for the observance of Defense Day program may be divided into two main headings—patriotic demonstrations, and that of unit mobilization. Governor Pat M. Neff has issued a proclamation to the people of Texas asking them to comply with the wishes of the President, and a special appeal was made to the officials in each city to co-operate in every way possible. Local patriotic societies, Boy Scouts, and other organizations, should parade with patriotic music. Appropriate speeches could also be delivered at the assembly points of the various units."

### WEDDING AT 10 O'CLOCK

Correction has been made as to the hour on Thursday morning for the wedding of Miss Cornelia Ada Pos of Bryan to Don Martin of Austin. The hour is set for 10 o'clock at the Presbyterian church, instead of 10:30 as previously stated.

## GERMANY WILL RATIFY LONDON PACT!

### FAVORABLE ACTION WILL BE TAKEN EVEN IF REICHSTAG SHOULD REFUSE

**Legislative Body Will Be Dissolved If It Will Not Sign Agreement Reached London Conference, Indicated at Government Headquarters—French Body Ratifies Signature to Lausanne Treaty**

(By Associated Press)

BERLIN, Aug. 27.—The German government will sign the London agreement whether or not the Reichstag approves it, it was officially announced today. If the Reichstag rejects the pact on the Dawes reparation plan, elaborated at the International Conference in London, the legislative body will be dissolved, according to announcements.

#### FRENCH SENATE FOLLOW UP CHAMBER DEPUTIES

PARIS, Aug. 27.—The French Senate today ratified the Treaty of Lausanne with only 20 negative votes, after a debate of two hours. The Chamber of Deputies had voted for ratification on Monday. Thus the Senate's action today gives official adherence to the treaty which was signed July 24, 1923, re-establishing peace in the Near-East. France is the fourth power to ratify the treaty which became effective August 6. Great Britain, Italy and Japan are the other powers to have ratified the treaty.

### AUTOMOBILE HIT BY FRISCO TRAIN

**HUSBAND AND WIFE AND CHILD ARE BADLY INJURED—ACCIDENT OCCURRED AT BRADY**

#### TWO-YEAR CHILD KILLED

BRADY, Aug. 27.—Mr. and Mrs. Marion Coats were badly injured, and their two-year-old child killed and another child injured when the automobile in which they were riding was struck by a Frisco passenger train near here yesterday.

### GRADING WORK ON BRENNHAM HIGHWAY NOW AT STAND-STILL

BRENNHAM, Aug. 27.—Grading work on the new north and south highway in Washington county is at a standstill because of the disappearance of Luther McMillen, road contractor, who had the contract for the work, from his home in Austin two weeks ago. The commissioners court met Monday to consider the situation. After a lengthy session a proposition was submitted to the bonding company, and the commissioners will meet next Monday to consider the reply. In the meantime, nothing can be done on the road project, and work of the bridge company is also being delayed.

#### THE WEATHER

NEW ORLEANS, La., Aug. 27.—For Bryan and vicinity: Tonight and Thursday partly cloudy.

### TEXAS DEMOCRATIC PARTY WORKS TO SECURE RELEASE FROM PLEDGES

(By Associated Press)

AUSTIN, Aug. 27.—Resolutions were framed today for representation to the Democratic Platform Convention here next Tuesday, releasing all "loyal" delegates from "all pledges of support for James Ferguson, directly or indirectly and Barry Miller, because of their political treachery. The "treachery resolutions recite is due to alleged violation of pledges in previous primaries to support the Democratic nominees.

#### REPUBLICANS NOT NAMED CANDIDATE GOVERNOR

HOUSTON, Aug. 27.—The State Republican executive committee today postponed action on the nomination of a candidate for Governor until after the Democratic State Convention, adjourning to meet at Dallas on September 5. Mrs. F. E. Pillsbury of Houston was nominated for Superintendent of Public Instruction and Captain Frank Ogburn of Dallas, nominated for Land Commissioner.

### CONTRACT LET TO IMPROVE WASHINGTON PARK

Tuesday afternoon the Washington State Park Commission met in Navasota at the home of the chairman, Mrs. J. Wallace Brosig, with the following members present: Mrs. Arthur E. Becker of Brenham; Mrs. M. Sledge Houston of Somerville, and Mrs. Lee J. Rountree of Bryan. At this time the board accepted the landscape plans drawn by F. T. Ramsey & Son, of Austin, and signed up a contract with a Brenham company to begin at once the laying off and grading of driveways through the park. Other recent work done at the park include a complete survey of the grounds and the making of a topographical map, which was done by the State Board of Water Engi-

neers as a patriotic act of service. These landscape and topographical maps will form the ground work for the improvement of the park, and its marking as a Texas shrine. It was definitely decided by the board to preserve for the park in its natural beauty a place where Texas flowers, Texas trees, and Texas shrubs may grow in profusion. At the present rate of ruthless vandalism of wild flowers, it won't be many years until they will be completely extinct. And through this park the board hopes to preserve a specimen of each. Washington State Park is on the Brazos river, 6 miles from Navasota just where Washington, Brazos and

### COTTON-BUYER OF WACO FOUND ON BANK BOSQUE RIVER

(By Associated Press.) WACO, Aug. 27.—Found in a dazed condition late yesterday on the banks of the Bosque River, at China Springs, 15 miles north of here, J. L. Mullino, of Hillsboro, died today in a Waco sanitarium. Acute indigestion was assigned as the cause. He was a prominent Central Texas cotton buyer.

College, where she has served in her important work so efficiently, but over the entire State of Texas.

Mr. E. E. Davis is professor of education at the State Teachers' College, Nacogdoches, and a man of highest attainments and ability. As one of the leading educators of the State, he is widely and favorably known.

### CROWE DEMANDS DISEASE NAMED

**COMPETENCY OF ALIENIST FOR DEFENSE ATTACKED BY STATE'S ATTORNEY**

#### ONSLAUGHT ON DEFENSE

(By Associated Press.) CHICAGO, Aug. 27.—State's Attorney Robert Crowe today resumed his onslaught upon the mercy plea in behalf of Nathan Leopold, Jr., and Richard Loeb. With a renewed attack upon the competency of defense alienist testimony, describing mental debility of the youthful murderers of Robert Frank, Crowe insisted upon a name for "these strange mental sicknesses invented for this case."

Miss Ella Smith of San Antonio, sister of Miss Artie Lou Smith and J. Tom and Coulter Smith of this city, arrived today for a visit and is with her sister, Miss Artie Lou at the residence of Mr. and Mrs. M. S. Edge.

MRS. MIRIAM A. FERGUSON  
Democratic Nominee for Governor of Texas in Saturday's Primary Election

(By Associated Press.) TEMPLE, Aug. 25.—Mrs. Miriam Amanda Ferguson, nominated for Governor of Texas Saturday in the Democratic run-off primary, is "just a quiet, unassuming wife and mother" who has never taken much interest in social affairs, or political affairs, save when her husband was involved. Until it was ruled that her husband, former Governor James E. Ferguson, was ineligible to hold office in 1917 and until the courts this spring ruled that he could not get his name on the ticket as a candidate for governor, she has had "no very great desire" to hold office.

But today she is the proud holder of the Democratic nomination for governor of Texas, which has always meant election in this state, and she says her heart is full of joy, not because the office will mean much to her personally, but because the expression of the confidence of the people in the Ferguson family means everything to her children and her children's children. Also, she is proud for Jim's sake.

Age Not Given. Like many other women, Mrs. Ferguson objects to tell her age. "There isn't any use in bringing that in," she smiled at her interviewer today. "Besides," she added, "you better not do it."

"Why?" she was asked. "Oh, because—because I'm the woman nominee for governor now." Mrs. Ferguson was born and reared in Bell county, about 10 miles from Temple. Her parents were Mr. and Mrs. Joe L. Wallace.

Both are dead. Mr. Wallace was one of the earliest settlers of Bell county, coming to Texas from Tennessee. He acquired large land holdings in the richest part of the Texas cotton belt and Mrs. Ferguson now owns a large black land farm out of his estate on which sits the house in which she was born. It is a very humble country dwelling, no longer used as a home; but during the campaign Mrs. Ferguson has visited it frequently just to get her mind off political affairs.

Attended Baylor College. Mrs. Ferguson attended a one-room school and later was student at Baylor College, Belton. She was married in 1899 to James E. Ferguson, her girlhood sweetheart, whose father also was a pioneer settler of this section. They have two children, Mrs. Ouida Ferguson Nalle, of Austin, Texas, and Miss Dorra Ferguson—the latter being her private secretary in her campaign. "Don't forget to mention my grandson," she cautioned; for it was to vindicate her husband's name that she ran, "that little Ernest Nalle, 5 years old, might not be embarrassed should he wish to run for office when he grows up."

"Ma" Put It Over. Ernest is the idol of his grandparents and is a frequent visitor in the Ferguson home. He is now in New York with his mother, Mrs. George S. Nalle, but he and his mother talked to Mrs. Ferguson by telephone early today and congratulated her on her victory.

Mrs. Ferguson is very chummy with her children. They call her "mother." Her husband calls her "mamma." In her campaign her supporters called her "ma," because of her initials, "M. A."

Asked how she felt this morning when she woke up and realized that she was the nominee, Mrs. Ferguson countered: "Wake up? I didn't even go to sleep. If course, I'm overjoyed, but there is the realization of responsibility, and I shall pray God for guidance just as I did throughout this campaign."

#### HOT WEATHER CONTINUES—DETERIOATES CROPS

The extremely dry, hot weather continues in Brazos county and with little indications of rain. It is said by many who have lived here longest that it is the hottest weather and among the severest droughts ever known here. The upland crop is estimated by many farmers to be only about half what it was last year. The sweet potato crop is cut very short.

R. Franze of the Wixon community was in Bryan today on business.

### PLAYGROUND AND FOOTBALL TOPICS AT ROTARY MEETING

Following the luncheon hour, the singing of songs lead by Song Leader S. Moylan Bird, and the introduction of regular visitors, the meeting was turned over to Hy T. Schovajsa, in charge of the program, who introduced others taking part on the program. County Attorney Oak McKenzie pleaded on behalf of the children—and older people, too—for a playground, one or more, for the City of Bryan, where people could go for recreation of a simple nature. He urged that steps be taken at once toward this end and while vacant plots were available at a reasonable price. Lions members present, Jess Cook and Tom Suber, responded to the talk and stated that the Lions Club was backing this movement with the Rotary, and each of the speakers on this subject stressed the necessity of getting every civic organization possible back of such a large enterprise, in order to carry it through to successful completion. Other bodies suggested were: The Bryan Chamber of Commerce, the City Commission and the Bryan Woman's Club.

Then the matter of underwriting the high school football team for the purchase of equipment amounting to \$325 came before the members. Signers were requested to remain after the regular meeting was over and affix signatures to the note. Then the members of the Bryan high team present were each introduced by W. S. Barron.

Rev. S. Moylan Bird reported on his vacation trip at Port O'Connor and gave the daily schedule which was quite amusing. John D. Rogers expressed his appreciation at being present. Cigars donated by Casey's Confectionery at College were passed around. T. A. Adams was named as in charge of the program for next week.

#### Football Boys Present

Those present at Rotary meeting today were: W. S. Barron, C. S. Beckwith, S. M. Bird, J. W. Black, T. B. Bryan, Wilson Bradley, J. F. Casey, Gabe Cazell, W. B. Cline, W. F. Davis, R. M. Dansby, E. E. Eberstetter, W. E. Farmer, E. J. Fernier, E. J. Fountain, H. C. Fulgham, C. E. Greisser, O. W. Goolsbee, W. W. Griffin, C. F. Hillier, Madison Hall, W. H. Hall, Kay Haswell, Tyler Haswell, E. P. Humbert, Forrest Jones, T. K. Lawrence, W. H. Lawrence, J. M. Lawrence, Jr., Ivan Langford, J. A. Moore, Jr., Oak McKenzie, A. S. McSwain, Roy Montgomery, J. S. Payne, J. T. S. Park, M. L. Parker, David Reid, J. L. Reese, Charles Sosolik, H. T. Schovajsa, M. E. Wallace, D. L. Wilson, C. G. Walker, T. R. White, I. E. Warren and E. E. Yeager. Visitors were: Tom Euber and Jess Cook from the Lions Club; Robert J. J. Owen, Waco; Victor P. Gayle, F. D. Vance, Bennie Baskin, coach at Allen Academy; Philip L. Johnson, of the Wabash Railway Company; John H. Webberly of the Frisco lines; J. Bryan Miller, City Manager; Minor Stewart, wife and son of Houston; and John D. Rogers of the Allenfarm, near Navasota, and Miss Nora Ward, of the Western Public Service Company. The members of Bryan high school football squad present were: Harry Williams, Sexton Orms, Morris Snapp, Charles Reynolds, Clarence Cloud, George Smith, Stuart Cole, Richard Grant, Bill Oliver, Trant Hunnicutt, Ben Kaplan, Wallace Wilcox, Joe Lloyd, Joe Sellers, Sam Trant, J. W. Hamilton, Lawrence Griffin, Donald Held. H. D. Cuykendall of Bryan Eagle was also present.

### LETCHER P. GABBARD OF COLLEGE MARRIED MADISON, WISCONSIN

Mr. and Mrs. Letcher P. Gabbard arrived in Bryan on Tuesday and have taken an apartment at the Edge. Mr. Gabbard, who is Chief of the Division of Farm and Ranch Economics of the Experiment Station at A. & M. College, left early this summer to spend his vacation taking special work at Madison, Wisconsin, on the subject of "Marketing." While there he was married on Tuesday, August 12 to Miss Mildred Isabelle Haggarty, daughter of Mr. and Mrs. Thomas Haggarty, at the home of the bride's parents, at Knapp, Wisconsin. On the return to Bryan and College, Mr. Gabbard took his bride to scenic points in Colorado for a short honeymoon. Besides enjoying the scenic resorts in that section they visited the Klennedsons at Fort Collins, people who formerly lived here. Mr. Gabbard hails from Kentucky and is one of the leading members of the scientific staff of the Experiment Station. The other members of the department extend heartiest congratulations and join The Eagle in wishing them well.

W. F. Gibbs is in Dallas today on business for the firm of W. F. Gibbs & Son.

### BOY FINDS BODY OF AGED FATHER IN DEBRIS OF FIRE—ALL NIGHT SEARCH

**Spark from Boiler Fire-box Set Fire to Pile of Shavings that Resulted in Property Loss of \$30,000 when Building and Business of Texas Barrel Works at Houston Is Totally Destroyed.**

(By Associated Press)

HOUSTON, Aug. 27.—Herman Lentsehke, aged 68, a watchman at the Texas Barrel Works, lost his life in a fire that swept through the plant last night, it was discovered today. The man's body was found by his 15 year old son today, after the youth had spent the night in searching the ruins. Damage of approximately \$30,000 was caused by the blaze which started when a spark from the fire box beneath the boiler ignited a pile of shavings.

### EXTENSION SERVICE GIVES MEASURES FOR FIGHTING LEAF WORM

Measures for fighting the cotton leaf worm, which is making an appearance in some counties in the state, are pointed out in a communication recently given out from the office of T. O. Walton, director of the co-operative extension work at A. & M. College. The suggestions are made by F. L. Thomas, state entomologist.

"About the middle of July," Mr. Thomas says, "specimens of the cotton leaf worm were found along the gulf coast in several localities. Although rather general in these localities, the infestation was not heavy and later reports of government agents show that it was sharply checked by drouth. The second generation which is very small is now laying eggs and the worms may appear shortly in other section of the state."

"The farmers are advised to keep as close watch as possible for the first sign of the presence of these worms in the cotton fields. When discovered apply poison immediately especially if on late cotton. Calcium arsenate, arsenate of lead or Paris green may be used.

#### Formulas Are Given

"When applied in dust form, calcium arsenate may be used without diluting. Arsenate of lead may be mixed with one-fourth as much hydrated lime to improve its physical qualities, thus permitting this poison to be more easily applied. It also possesses the advantage of adhering to the plants for a greater length of time. Paris green, when dusted, should be mixed in the proportion of one part Paris green, to eight parts of hydrated lime. Upon being used extensively Paris green sometimes causes sores on the mules. This is due to the arsenic of Paris green becoming dissolved in the perspiration of the animal. In making the above applications for cotton leaf worm, the well known pole and bag method is about as efficient as the more expensive dusting machinery.

"Where spraying is preferred to the dusting method, three-fourths pound of calcium arsenate or one pound of arsenate of lead may be used in 50 gallons of water. In the case of Paris green, one-half pound is used to 50 gallons and one-pound of rock lime should be added to prevent burning the foliage."

### HURRICANE HIT OCEAN STEAMER

**WHITE STAR LINER "ARABIC" IS SLIGHTLY DAMAGED BY STORM OFF NEW YORK**

#### PASSENGERS INJURED

(By Associated Press.) NEW YORK, Aug. 27.—Several passengers on the White Star liner "Arabic," bound from Hamburg to New York, were injured last night when the ship ran into a hurricane, according to word received here today. A radiogram added that the vessel was damaged by the gale. She will dock here this afternoon.

### H. LITT RETURNS TO BRYAN AND BUYS OUT BROTHER IN LAW

H. Litt, after selling his half-interest in the firm formerly known as Litt & Rozner, and going to Houston to seek a location, has returned to Bryan and purchased the business back and now is the sole proprietor of it instead of his brother-in-law, H. Rozner. Mr. Rozner is planning to go on the road as a salesman, selling fruit.

### YOUNG BATTLE AT FORT WORTH

**RALPH DUNCAN SHOT AFTER MANY SHOTS EXCHANGED BY SEVERAL MEN**

#### ONE MAN WAS KILLED

(By Associated Press.) FORT WORTH, Aug. 27.—Ralph Duncan was shot and killed here today. W. S. Phillips was arrested. The killing was said to have followed the firing of many shots from pistols and rifles by a number of men. No other arrests have as yet been made.

#### MURDER CHARGE FILED

Duncan was employed by Bob Brazziel, a garage owner. Phillips also conducted a garage. A murder charge has been filed against Phillips. Brazziel, who was riding in an automobile with Duncan when the latter was shot, said he fired twice at Phillips after the shooting.

### DEFENSE TEST DAY TO INTEREST PEOPLE IN PLANS LAID OUT

"I am taking this opportunity of communicating with you concerning National Defense Day," writes Joseph Yuditsky, captain D. O. L. (Cavalry). Recruiting Officer, from the U. S. Army Recruiting Station, Old Federal Building, Houston, Texas, to Mayor Tyler Haswell, chairman, Defense Test Day Committee. "The Secretary of War, with the approval of the President, and in keeping with the provisions of the National Defense Act of 1920, designated September 12th, sixth anniversary of the battle of St. Mihiel and the day designated for the retirement of General John J. Pershing, as National Defense Day this year. The test has nothing to do with any militaristic program, policy, or propaganda. It constitutes no obligation upon the citizens participating to enlist in any organization or to make any contract for military service. It means simply taking stock of ourselves to determine our readiness to respond as a nation to the call of our country's need, that hereafter we may not be found in a state of unpreparedness as existed at the beginning of the last war.

Three Main Objects. "The special object of National Defense Day is to test the feasibility of the War Department general defense plans, including the idea of localized mobilization; to illustrate to each military unit and to the community where it is to be assembled that the unit is representative of the community—consists of its sons and should therefore receive its best support; and to foster the spirit of patriotism.

Neff's Proclamation. "The fundamental objects of the Defense Day test is to interest citizens and local communities in our defense plans and to acquaint them with their part therein. Plans for the observance of Defense Day program may be divided into two main headings—patriotic demonstrations, and that of unit mobilization. Governor Pat M. Neff has issued a proclamation to the people of Texas asking them to comply with the wishes of the President, and a special appeal was made to the officials in each city to co-operate in every way possible. Local patriotic societies, Boy Scouts, and other organizations, should parade with patriotic music. Appropriate speeches could also be delivered at the assembly points of the various units."

#### WEDDING AT 10 O'CLOCK

Correction has been made as to the hour on Thursday morning for the wedding of Miss Cornelia Ada Pos of Bryan to Don Martin of Austin. The hour is set for 10 o'clock at the Presbyterian church, instead of 10:30 as previously stated.

## BRYAN WEEKLY EAGLE

Entered at the postoffice at Bryan, Texas, April 22, 1912, as second class matter under act of congress March 3, 1879.

MRS. LEE J. ROUNTREE, Managing Ed.

WEEKLY EAGLE—In Brazos County, \$1.00 per year; six months, \$1.00. Paid in advance.	

Member of the Associated Press—The Associated Press is exclusively entitled to the use for reproduction of all news dispatches credited to it or not otherwise credited in this paper and also all local news published herein. All rights of reproduction of special dispatches herein are also reserved.

### A ROTARIAN SPEAKS

Oh, Bryan, dear old town, how we love you—but your leaders have no vision—no aggressiveness. Where, oh where, is the Old Bryan Spirit, about which we sang? How far are we from the objectives of 1924. Where are those hard surfaced roads—the tourist camp, etc. Only an idle dream. Yes, the boys can all come over now through the sand in the Fords, but when the crops in adjoining counties are in (and they are making some crops, too) the rains will begin—then where will our markets be? Do you know that no tourists stop with us? Last night while coming through Navasota, D. L. and I saw at least twenty cars of tourists at the Navasota Tourist Camp. I was a tourist about ten days this summer, and I camped out every night. My first inquiry before I stopped anywhere was the location of the tourist camp. Hearne can take the pumping stations away from us—Navasota took away the East and West Highway, all because we don't care. There is now an opportunity for us to get one of the largest concerns in this portion of the State, but we assume the attitude that they must come to us, because we are Bryan—while Brenham and one other place are up and after it fast. I suppose as long as we have A. and M.'s payroll in our midst, we can get by—so don't bring us any corn unless it is shelled. Do you get me?—W. S. Barron, in the Rotary Merry-Go-Round.

### HOME MISSION WORK

"America First" is a slogan that came out some years ago, and received a good deal of popularity. Missionary work is being carried on in foreign fields quite extensively, and considerable is being done at home, but, according to Dr. H. H. Harrington, member of the State Board of Control, there is a need for the adoption of the slogan "Texas First," and "Home Missions" before "Foreign Missions." There is a great field of work to be done in this State in adequately taking care of our mentally diseased, he stated. The public, in his statement, is charged with indifference on the matter of our insane people, and this class is suffering in asylums, where asylums are available, and in other places when housing facilities of state institutions are lacking. These people are mentally unable to plead for themselves. Someone must do it for them. The first step in the program, the foundation work, is just what Dr. Harrington has been trying to do: Give publicity to the necessity for this "Mission Work" and get the matter to the ears of the public. Then it will be necessary to arouse the citizenship to the dire need of our mentally unbalanced and secure some action for their relief. The hopelessly insane should be adequately and properly provided for and those who are curable should be given every possible attention to that end. We are neglecting our duty, to fulfill an act of kindness, and to do the will of the Master, if we fail to meet the issue. We can only serve God through serving His children; and certainly the insane and those who could be cured are worth our best efforts.

### ANOTHER WAR COMING

We fought one war "to make the world safe for democracy." Now it looks like we'd have to fight another one "to make its people safe from motorists."

"Smith county officials are waging a campaign against violations of speed laws upon the highways in this section," says a newspaper dispatch. "Several cases are on record of heavy fines having been paid by speeders at the rate of a dollar a mile above the regular limit." If fines on this basis were assessed in our locality some people might have to tender the judge a "century" bill. Brazos county officials could do much to curb the speeders in this locality if they would take the same that Smith county officials have with speeders and we have them just as all other sections do. Though we have few accidents, even those few could be still further reduced by a little extra caution as to speed, having the car under control and so that the driver could stop at but a brief notice of warning of danger to himself or others.

It's a pretty good rule to give a cow on the highway all the road she wants. She'll take it anyway without observance of traffic regulations.

Mrs. Lee J. Rountree of the Bryan Eagle is one woman who feels "the responsibility to prove woman's ability to succeed in whatever position fate places here," and she is certainly making good in her efforts to succeed. The Bryan Eagle is being kept well up to the high standard set by her illustrious husband.—Ko.38 Cyclone.

We thank you for "them kind words," friend Robinson. It is just such touches of sympathetic friendliness as that that keeps us "carrying on."

The Casual Caller says he has started himself a new party, the dam-o-crats.

## MR. AND MRS. DAVIS WILLIAMSON HOME FROM WEEK'S OUTING

"Automobiles are most plentiful along the roads through West Texas as going to the Fort Davis Mountains, which simply fascinate the motor tourists from Central and South Texas," said Mr. and Mrs. D. D. Williamson, who returned late yesterday from a week's vacation spent in these mountains. From all parts of the state, in every make of car, some travel stained and road weary, others bouyant go daily the khaki-clad enthusiasts, who are pleasure bound on the trails that lead in the mountains of Fort Davis, one of the playground of Texas, they said. The scenery here beggars all description. Distances are so vast, the air so clear and the sky so blue, that for those who see it for the first time they are staggered by the visions they behold. They are of the opinion that Texans should "See Texas First" before going to Colorado and other states hunting mountain scenery.

Covered 2,000 Miles.

Their itinerary included the following points: to Lampasas by way of Cameron and Belton, thence to Brownwood, Coleman and San Angelo, down to Fort Stockton and Alpine, up to Fort Davis, through Carlsbad to Pecos and to Fort Worth by way of Odessa, Big Spring and Ranger. From Fort Worth they drove up to Jacksboro and thence back to Fort Worth on the return home, coming by way of Cleburne, Hillsboro, and Waco. They covered something like 2,000 miles in 7 days which gave them little time for rest—on the road most all the time—and but little time to see things. They took turn about driving and only stopped when both were too worn out for further continuous travel. One of the chief points of interest along the route, said Mr. Williamson, was the new oil field opened up in Reagan and Crockett counties, about the towns of Reagan and Franklin. The new oil town of Best is on the boom, he continued, and presents much of the appearance of any other boom town in a newly-discovered oil section.

While they travelled almost continually, covering about 2,000 miles in their Ford coupe at a repair cost of 40 cents, and while they returned home weary and tired, it was a different kind of a tired feeling that they have experienced for the past four or five years of continual labor with no vacation except on Sunday. The nature of their work makes them mentally tired every day—a feeling that is more wearying than the physically worn-out feeling they really enjoyed.

## PRESIDENT BIZZELL TO ADDRESS HOUSTON TEACHERS INSTITUTE

HOUSTON, Aug. 25.—Approximately 600 teachers are expected to attend the combined teachers' institute which will be held at the South End Junior High School from September 8 to 12. Harris, Brazoria, Galveston and Matagorda counties will send teachers to the institute. Mayor Oscar Holcombe will deliver the address of welcome on the opening day. Among the prominent educators who are expected to address the teachers are Superintendent S. M. N. Marrs, Dr. E. E. Oberholzer, head of Houston schools; Dr. W. B. Bizzell of A. and M. College, and Dr. Walter N. Splawn, of Texas University. The problem of housing the teachers during their stay here is a difficult one, according to W. W. Higgins, county superintendent. Many will be lodged in private homes. The teachers' institute is an annual affair.

## HEARNE BOY WINS STATE ESSAY PRIZE

HEARNE, Aug. 25.—John Rodell, junior student in 1923-24 class of the Hearne high school, who submitted an essay in a contest sponsored by the American Legion, is in receipt of a letter from the State Department of Education, saying that he was given first place, which entitles him to the Texas award, a gold medal. The essay subject was "Why Communism is a Menace to Americanism," and will be sent to Indianapolis to be entered for a national prize of \$750 cash.

As a patriotic service, members of the State Board of Water Engineers are offered to survey the State park at old Washington on the Brazos, the site of the signing of the Texas Declaration of Independence and the first seat of government of the Republic of Texas. The spirit in which that service is entered into is most commendable. Here in Texas we need to inculcate a greater veneration of the shrines of Texas history. The park at Washington should be improved and made more accessible to the State's citizenry. Patriotism will be encouraged by the preservation of those spots identified with the birth of Texas freedom.—Houston Post-Dispatch.

"The foundation of all our greatness is the human individual, and his right to play, work, and worship as he will. All our marvelous economic progress, which is the wonder of the world, has been based on the individual, and not on government, as main-spring of activity."

It just seems natural for all of us to think we can secure better things if we wander far afield and overlook the things at our very door. We have a friend in Texas that makes a specialty of growing zinnias and has many varieties of beautiful blooms, but what interested us most about it was the fact that she had taken much pains to secure seed from California on the West, and New York on the East, and she is of the opinion that her best blooms came from seed propagated in New Braunfels, Texas.

Eagle want ads get best results

## MISS BERNICE McDONALD IS VISITING IN BRYAN

Miss Bernice Ruth McDonald, head of the department of vocational home economics in the Victoria high school, is visiting at the home of Prof. and Mrs. J. T. McDonald of College Station. She has just returned from New York, where she took post graduate work in Columbia University.

## BARRY MILLER TO TRY GET IMPEACHMENT TAKEN OUT RECORDS

(By Associated Press). DALLAS, Aug. 25.—An effort to bring about the expunging from the records of Texas all reference to the impeachment of James E. Ferguson, former governor, is favored by Barry Miller, of Dallas, who is apparently the Democratic nominee for lieutenant governor, and, who, if elected, would be president of the State Senate. Miller said today that such a step should be started.

## FRANKLIN-HEARNE HIGHWAY IN PROCESS OF BEING REBUILT

FRANKLIN, Aug. 25.—The highway connecting Hearne and Franklin is now being rebuilt and work has been under way for about two months. All of the bridges and culverts are being made of concrete, and a heavy layer of good gravel is to be spread upon the top of the dump. The cost has not been estimated, but will undoubtedly reach large figures.

Will Aid Tourist Travel.

This piece of road, about 13 miles in length, will complete a solid pike road from Franklin straight on to Taylor and thence to Austin, via Cameron and Thorndale. It will aid tourist travel with this (Robertson) county and will help the trade of the whole territory.

## DEFENSE TEST DAY TO TRY OUT A PLAN FOR ANY EMERGENCY

The following are some of the more important sections of a memorandum for officers of the army of the United States, issued from Eighth Corps Area Headquarters, Fort Sam Houston, Texas, relative to National Defense Test Day: "The Secretary of War, with the approval of the President, has designated September 12th, the Sixth Anniversary of the Battle of St. Mihiel, as Defense Test Day. It is well known that in the last war it took practically a year and a half to mobilize, train, and prepare our army to engage in the Battle of St. Mihiel, the first important battle in which our troops fought as an American unit. How costly and dangerous such unpreparedness might be should we in the future be called upon to defend ourselves can not be estimated; but must in some degree be appreciated by every thinking American citizen. The National Defense Act of 1920, by the Congress, announced a policy of our government in the matter of preparedness. It is an effort to profit by our mistakes in the past; organizes the Army into its three component parts (Organized Reserves, National Guard, Regular Army); and directs the War Department to prepare plans for the National Defense.

"The test has nothing to do with any militaristic program, policy or propaganda. It constitutes an obligation upon the civilian participants to enlist in any organization or to make contract for military service. It means simply taking stock of ourselves and a pledge that should we ever again be called upon to go to war in defense of this country, we shall not be found in such a state of utter unpreparedness as existed at the beginning of the last war."

## CRADLE ROLL METHODIST CHURCH SUNDAY SCHOOL HONOREES FOR PARTY THURS.

The teachers of the Primary Department of the First Methodist church Sunday school will be hostesses for the Cradle Roll at a party to be given Thursday afternoon 5 o'clock at the Fin-Feather club house.

## SMALL SON OF MR. AND MRS. PAUL RUCHTI DIED AT FIFTY-THREE TODAY

John T. Ruchti, aged one year, seven months and twenty-three days, died of acidosis at 5:30 o'clock this morning at the home of his parents, Mr. and Mrs. Paul Ruchti, near the oil mill. The funeral services will be held on Tuesday morning at 10 o'clock from the home, conducted by Rev. J. B. Gleissner, with interment following in Bryan Cemetery. Funeral under direction of McCulloch Gordon Co.

## WEDDING ANNOUNCEMENT

Announcement has been made by Bryan by Mr. and Mrs. Bernard Pos of the engagement and approaching marriage of their daughter, Cornelia Ada, to Don Martin, of Austin. The wedding has been set for Thursday, August 28, at the First Presbyterian church in Bryan, 10:30 o'clock in the morning. Rev. Wm. N. Sholl, pastor of the church, and Rev. Bernard Pos, father of the bride, officiating at the ceremony. Mr. Martin, who has been engaged in the practice of law in Austin for the past two years, is an ex-student of the University of Texas, being a member of the class of 1922. He was prominent in a number of student activities and has held, among other offices in the law school, the presidency of the senior class. Mr. Martin is the brother of Mrs. Claud J. Carter of San Antonio and made his home in San Antonio before entering the University of Texas. Miss Pos is also an ex-student of the University of Texas, receiving her BS degree in home economics in 1923.—Austin American.

## PEOPLE OF TAYLOR DELIGHTED WITH DR. HELD'S ILLUSTRATED LECTURE

Dr. John A. Held delivered a wonderfully interesting lecture at the City Hall Auditorium last night before a large crowd, using as his subject, "Rome—Pagan, Papal and Modern."

Incorporated in the lecture, together with some highly instructive bits of early Roman history, were the speaker's own personal experiences and knowledge of the city. Dr. Held recently returned from a tour of the Old World countries, bringing with him a large number of timely photographs of points of interest in the history of early civilization. Among the most interesting of these are those taken in the City of Rome and shown last night to illustrate the lecture.

Romans Were Doers

Ancient Romans; Dr. Held told his hearers, were a progressive people with a talent for progressive community endeavor. Roman rule was a blessing to those nations who were forced to bow to the conquering armies of the Romans, since the nations thus conquered were placed on the road to more modern civilization. The Romans were doers instead of dreamers; men who knew how to vitalize their dreams and turn them into actualities. It was they who took the dreams and theories of the scholars of ancient Greece and utilized them in a concrete way for the advancement and betterment of the world.

The speaker showed views of the splendid ruins of the ancient city—

## ENTRY WHITE, JUNIOR, IS CONVALESCING AT HOME OF PARENTS—MUCH BETTER

Having been removed from the Bryan Hospital some 10 days or two weeks, Gentry White, Jr., is at the home of his parents on Bryan Street, convalescing from injuries received in an automobile accident near his home some weeks ago. He received rather severe bodily injuries and a fractured skull when hit by an automobile that had swerved to avoid hitting another boy. Little Gentry White has been the recipient of many beautiful flowers almost daily, from well-wishing friends of himself and the family, many of which came from the members of his class at the Methodist Sunday school. The bandages have been removed from the child's head and he is reported as improving in health and strength with every passing day.

## LEVINSONS LEAVING BRYAN TO MAKE HOME IN KANSAS CITY, MISSOURI IN FUTURE

Mrs. L. M. Levinson, son Edward and daughters Louise and Alice leave Thursday for Houston to visit Mrs. Levinson's sister, Dr. Lela M. Black. From there they go to Kansas City to join Mr. Levinson who has been there for some time and will make their future home. Mrs. Levinson is leaving Dellwood farm in charge of S. D. Mauldin, her uncle for the present.

## M. M. ERKINS RESIGNS FROM CITY NATIONAL BANK

After several years of efficient service with the City National Bank of Bryan, M. M. Erskine, better known as "Happy" from his always present smile and genial personality, has resigned, effective September 1, at which time he will become salesman and credit manager for the Central Texas Auto Company, George J. Neddalek, manager. He will also have direct charge of the filling station at this place of business. For some time Mr. Neddalek said, he had been looking for a man of ability and with the experience and personality that would capably fill the position created by the growth of his automobile business with all of its ramifications. He feels that in Mr. Erskine he has found just the man for the place and the many friends of Mr. Erskine wish for him success in his new connection.

## BRYAN SHOULD TAKE NOTE MARLIN'S SUCCESS WITH THEIR TOURIST CAMP

By E. A. BELL, Manager Marlin Chamber of Commerce and Agriculture.

MARLIN, Aug. 23.—In these days of rapid transit it behooves every city that wishes to remain in the realm of progress to have some place where the hordes of people who wish to "see America first" may camp, and the better the place the more lasting the impression is that goes out over the country regarding one's municipality. I should have said the more lasting the good impression, because a poor park is as widely advertised as a good one.

Camp Self-Sustaining

In looking over the register of the Marlin Auto Tourist Park some surprising facts were revealed. First, one finds that from May 1, until Aug. 1, about half the touring season, 1,312 automobiles have registered here from twenty-four different states, and also it is noted that one family from Vancouver, B. C., spent the night with us. Conservatively estimating four persons to the car, it further evolves that Marlin has entertained 5,248 people in its tourist park. This figure is about equal to our resident population. It is also estimated that each family leaves on an average of \$5 in one's city. Thus Marlin has derived \$6,560 from its camp in the first half of the touring season. The greatest amount expended by any one family here in one day was \$65. The best patronage enjoyed

by our park in one day was 150 people. The registration receipts from the park at 25c per automobile totals \$328 and the operating expense amounts to \$300. So you see the park has been self-sustaining with a small surplus.

Satisfied Visitors

The fact of which we are the proudest is not that \$6,560 has been spent here by tourists, but that 5,248 people from all parts of the United States and Canada have had a chance to learn of Marlin and its wonderful hot mineral waters, as well as its large business possibilities and agricultural advantages, and finally leave here with a good impression of our city. You ask how this has been accomplished. The answer is that we have been very careful in securing an affable gentleman as caretaker. On your arrival in our park you are met with a smile and kind words of welcome as well as a pail of ice water to soothe your dust-parched throats. You are next cognizant of the placards stating that ours is an approved park of the Texas Board of Health and then you begin noticing the many conveniences such as the shower baths, lights, ovens, water hydrants, community house, etc., as well as the high-class people who have registered ahead of you. Who is there who will have the audacity to say that Marlin could afford to be without a tourist park?

## MR. AND MRS. H. R. BRAY-TON ARE LEAVING FOR A VISIT AT KERRVILLE

Five weeks of solid pleasure and enjoyment in the glorious Colorado mountain districts was evidently just a "tenser" for Mr. and Mrs. H. R. Brayton, who are leaving tomorrow by car for San Marcos, Landa Park, San Antonio, and Kerrville, for a second outing, this one to last about two weeks.

## YOUNG PEOPLES RALLY FOR BAPTISTS HELD RELIANCE AUGUST 31

A county Baptist Young Peoples Rally is scheduled to take place at the Reliance Baptist Church on Sunday, August 31, according to programs that have been printed for the occasion. Each church in the county has been invited and will be expected to send big delegations. Liddie Belle Pipkin is president of the county organization, of the B.Y.P.U. The following is the program as arranged:

- 10:00 Sunday School by Local Sunday School.
- 11:00—Address—Rev. R. L. Brown
- 11:20—Address—M. H. Byrom.
- 11:40—Demonstration Cottonwood B. Y. P. U.
- 12:30—Lunch on the Ground
- 2:00—Song Service—Thompson, Jones
- 2:15—Demonstration Edge B. Y. P. U.
- 3:00—B. Y. P. U. organized for efficient service—John White Jr.
- 3:20—The Difference between a B. Y. P. U. and the S. S.
- Dr. John A. Held
- 3:40—The Obligation of the Church to the B. Y. P. U. and Sunday School—Rev. J. J. Pipkin.

## WALTER COULTER IN PARIS, FRANCE SAYS BRAZIL HAS FUTURE

(New York Herald, Paris, France) "The golden land of opportunity for the future is Brazil. A hundred years hence it will be running the United States a close race for world supremacy," says Mr. W. J. Coulter, of Bryan, Texas, who has been spending the past four years touring the world. He has visited nearly every country on the face of the globe, but is convinced that Brazil is the best place for men of progress to turn their attention to.

"Of course, if you are interested for yourself alone, the United States is still worth while for a man of energy," he told a reporter for the New York Herald on yesterday. "But if you are thinking of the future of your children and grandchildren, watch Brazil."

"It will be known probably as the United States of South America with Argentina setting up as an independent nation, but Brazil has all the elements of success that the others lack. First of all it has excellent climate, perfect soil conditions and mineral products which are certain to make for great national prosperity. Then, like the United States, it is a nation which is developed from the 'melting pot', with the best racial qualities of the Anglo-Saxons, French, German, Portuguese and Spanish already taking root in a fertile and ambitious soil."

Mr. Coulter is spending a few weeks in France as one of the delegates to the international advertising convention, and was one of the principal workers in obtaining next year's convention of the Associated Advertising Clubs of the World for Houston, Texas.

## SCOUT SWIMMING PARTY

W. S. Barron took a party of five Boy Scouts to Munson Shoals on the Big Brazos, on Friday afternoon, where they enjoyed a swimming party. The Scouts were: John Martindale, Edward Hayes, Leslie Randolph, Wesley Bentley and Albert Leighman.

## BAPTIST WOMAN'S AUXILIARY WILL MEET IN CIRCLES MONDAY AFTERNOON IN STUDY CLASS

The First Baptist Woman's Auxiliary will meet in Circles on Monday afternoon at 3:30 o'clock, holding their study class and attending to the business. The Circle will adjourn in time for all the women to go to the First Presbyterian church to hear the lecture to be given by Mrs. J. L. Page of Hearne, who speaks at that hour. All who have heard Mrs. Page will be anxious to hear her again, and this arrangement is made in order that there will be no conflict of programs. The Circles meet as follows: Circle No. 1 with Mrs. D. D. Jolly; Circle 2, Mrs. H. P. Dansby; Circle 3, Mrs. E. J. Fountain; Circle 4, Mrs. N. A. Stewart; Circle 5 at the church, Circle 6, Mrs. J. L. Reese, Circle 7, Mrs. J. W. Dyer.

Prevent and cure Roup, Colds, Cholera, and White Diarrhoea in your fowls with JAHNKE'S ROUP REMEDY; most successful breeders use it. Money refunded if not cured. —N. A. STEWART, Druggist.

## LIONS ACCOMPLISHED WHAT ROTARY DIDN'T AND BEAT KIWANIS

Strengthened by the addition of J. Bryan Miller, imported Lion, and Horace Bullock, new member, the Lions Club of Bryan has a baseball team to be reckoned with as they demonstrated on Friday afternoon when they journeyed to Navasota and defeated the Kiwanis Club of that city on its own diamond, by the decisive victory of 18 to 5. The first two innings were almost airtight baseball, Larry Stevens, for the Lions, hurling pretty ball, and his team mates fielding well. In the swiped and covered perfectly—we give Stevens a rest, Bullock replaced him in the box and also pitched a good game for the rest of the time. The game had to be called by Umpire Deacon Fountain at the close of the sixth inning on account of darkness, though it had been scheduled for a seven-inning game. They started playing shortly after five o'clock and it was long after seven when the game was called, taking over two hours to play the six innings.

Miller A Ball Star.

J. Bryan Miller, city manager of Bryan, played a good game at second base—and at the stick too. Like he does in the management of the City of Bryan, he wielded his big stick against the Navasota hurler to good effect. The first ball he fielded was an unusually hot one which he side-swiped and covered perfectly—we think as much to his surprise as the spectators.

Pat Newton was one of the two outfield stars. In the first inning he caught a fly ball square on the foul line in left field. The applause of the crowd was given him for a splendid running catch. Toward the close of the game he annexed another fly ball, gathering it in his arms with evident grace.

But one of the outstanding features of the game was when the Lions' other star outfielder, Roy Nunn, of batting fame, caught a fly ball. Yes, he did. He made a good run before the catch, too, and all the spectators will vouch for the fact. In order that he might not detract from the fame he had already won, Fielder Nunn decided not to take any more chances and withdrew from the game and let Happy Erskine have his place for the final inning.

Ratcliffe, who had been sulking around the grandstand for five innings because they would not let him play, was made happy in the last inning when they sent him out to center field for an inning.

Perhaps it was a good thing for the Lions that an agreement had been made with the Kiwanians that they were not to pitch Barry in this game, for Navasota at times hit that ball quite well. But they were held to but a few hits and only five runs so the game could not have been so very one-sided had Barry been in the box.

Theodore Thomsen at third base played well, gathering in a number of grounders. This is not his usual position. He generally plays second but Miller stated that he had an option on that base so they shifted Thomsen. Bullock and Stevens took turn about at shortstop, but, for some reason, the balls were not hit in that section very often. They gathered in all that came their way and asked for more. Bullock's home run was the longest drive made. Some wanted to get longer hits than that.

Lamar Jones did a good job of catching and had his hands full when Bullock went in the box. The Lion rooters feared that he could not hold Bullock, but he did very well. It is not known whether his hand was too badly burned to pull teeth today or not. Armstrong played a good game at first, but pulled one bad bone-head on base running, when he left second far behind on an infield fly that was easily caught, when there was but one out on the Lions when the ball was hit. Armstrong may be too stiff to work today, but lawyers do not have to work anyway.

Erskine and Ratcliffe merely formed parts in the outfield scenery in the last inning but they showed up extremely well.

Among those present at the game from Bryan, other than the Lion players, were: Dr. C. A. Searcy and daughter, Betsy; Gaze Cazell, Jess Cook, J. W. Payne, Mrs. Lamar Jones, Jess Hensarling, Mrs. Henry Locke and daughter, Mrs. Ernest Elliott, Mr. and Mrs. E. J. Fountain, Mr. and Mrs. J. M. Fountain, Mrs. Robert Armstrong, Coulter Smith, Emily and Helen Held, Hettie Edge, Mr. and Mrs. C. S. Beckwith, Mrs. James Paige, Mrs. W. R. Fairman, H. D. Cuykendall, of Bryan Eagle.

Prevent and cure Roup, Colds, Cholera, and White Diarrhoea in your fowls with JAHNKE'S ROUP REMEDY; most successful breeders use it. Money refunded if not cured. —N. A. STEWART, Druggist.

## Whole Family Endorse Tanlac As Best Tonic

"Tanlac has been our constant friend for years, and my wife and myself and eight children are all enjoying wonderful health, largely due to this medicine," is the remarkable statement of Harry H. Pistole, 310 Archer, St., Waco, Texas.

"In my own case, Tanlac has done what seemed to be impossible. When I began taking it my stomach was in such a bad fix that I had to live on a milk and egg diet and I was almost a skeleton. I had been flat on my back in bed and under treatment for 18 months and felt that my time was about up.

"After my case had been given up as hopeless, and I thought I was beyond redemption, a relative put me on to Tanlac, and the result is, I gained 25 pounds, and enjoy as good health as anybody could wish.

"My wife was all broken down in health. But now she weighs 155 pounds, and is strong and well and I am giving Tanlac credit for it. We give Tanlac to the children to tone them up and make them grow, and nobody ever had a healthier set of children than we have.

"Tanlac is certainly the greatest medicine of earth for anyone whose life is wrecked by bad health. We sure do have a great deal to praise Tanlac for at my house."

Tanlac is sold by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlac Vegetable Pills, for constipation, made and recommended by the manufacturers of Tanlac.—Adv.

# OVER 450 CASES LIQUOR TAKEN

COAST GUARD CUTTER COMANCHE MAKES ANOTHER CAPTURE AT GALVESTON

## HOUSTON MOTOR BOAT

(By Associated Press.)  
GALVESTON, Aug. 26.—The motor launch "Rosalie M." of Houston, laden with 450 cases of foreign liquor, was captured by the Coast Guard cutter "Comanche," 30 miles off Galveston, yesterday, it became known today when the "Comanche" brought the launch into port. Two men were aboard the launch.

## GOOD ATTENDANCE AT MISSIONARY MEETINGS OF METHODIST GROUPS

Despite the warm weather and vacation time, group meetings of the Woman's Missionary Society of the First Methodist church continue to hold weekly meetings. The meetings for Monday were as follows:

The monthly social and voice program of Group No. 5 was held at the home of Mrs. J. L. Lush, at Edge Apartments. Mrs. Lamar Jones led the program and was assisted by other members of the society present. Following the business session and program the hostess passed a refreshment plate of brick ice cream, cake and salted nuts, and the ladies visited together for a half hour. Present were: Mesdames Wilson Bradley, J. M. Williams, Will Poindester, J. W. Black, J. N. Dulaney, Lamar Jones, J. L. Lush, O. A. Ashworth, C. M. Bethany and Miss Callie Kern.

**Mrs. Bentley Hostess.**  
Groups No. 2 and 4 met at the home of Mrs. M. R. Bentley. The devotion was led by Mrs. D. P. Gaby, chairman of Group No. 1. The program was in charge of Mrs. J. N. Goodwin. The subject was "Mission Work Among Our Mountain People." Mrs. Goodwin assisted in presenting the program by Mesdames C. A. Lewis, C. L. Eden, J. B. Priddy and T. A. Adams. Bits of missionary news were given by others present. Following the program the hostess served iced soda water and cheese wafers to the following: Mesdames J. B. Priddy, J. N. Goodwin, T. A. Adams, Oak McKenzie, H. H. Prager, C. A. Lewis, D. P. Gaby and C. L. Eden.

## J. BRYAN MILLER IS NAMED AS MEMBER OF CHAMBER COMMERCE

In the absence of President John M. Lawrence, who could not be present this morning, vice-president Wilson Bradley presided over the regular weekly meeting of the Bryan and Brazos County Chamber of Commerce's Board of Directors, held at 10 o'clock at the Commercial rooms. Secretary Eberstadt reported that 18 solicitors had been refused endorsements to work in Bryan during the past week. He also reported the following new members of the Chamber of Commerce: F. J. Vitopil and J. Bryan Miller, the latter the new city manager. He was also elected to take the place left vacant on the Board of Directors by the resignation and removal from the city of City Manager E. E. Adams. Mr. Miller was then named by Chairman W. H. Cole to act as a member of his—the highway committee.

**Defense Day Committee**  
Mayor Tyler Haswell reported that the committee on National Defense Test Day had met on last Friday and appointed sub-committees and that they would meet again this coming Friday when all matters of arrangement would be settled and the full program given out.

The following Directors were present this morning: Colonel Ike Ashburn, Wilson Bradley, J. N. Dulaney, Tyler Haswell, J. M. Gordon, T. K. Lawrence, J. D. Martin, Oak McKenzie, L. L. McInnis, Mrs. Lee J. Rountree, D. L. Wilson and M. E. Wallace.

## FIRST WOMAN TO HOLD GOVERNOR'S POSITION TAKES OFFICE JAN. 20

AUSTIN, Aug. 26.—Mrs. Miriam A. Ferguson, Democratic nominee for the governorship as the result of Saturday's run-off primary, assuming that she will be elected in November at the general election, will go into office on Jan. 20, 1925.

The first election will be held on the first Tuesday following the first Monday in November, that is, Nov. 4. She will become the State's chief executive and the first American woman Governor on the first Tuesday after the organization of the Thirty-Ninth Texas Legislature, which will meet for the purpose of organization on the second Tuesday in January next.

**Depends on Legislature.**  
Under the usual procedure this would bring the date of her inauguration on the third Tuesday of the month, Jan. 20. The only factor that might defer the inauguration would be the failure of the Legislature to perfect its organization within a week. Other State officers to be elected in November will take office at the same time as does the Governor.

## AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

## BRYAN PARTY HOME FROM COLORADO TRIP

Having arrived home on Sunday from a five weeks' visit to interesting points in Colorado, Mrs. W. H. Cole, Mrs. Egbert Jones, and daughter, Mary, and Mr. and Mrs. H. R. Bryant, members of the pleasure party, are telling wonderful tales of the points there visited, the gorgeous scenery, the wonderful time and the delightful climate.

They made the trip out and back by car, stopping en route West at Colorado Springs for a brief visit before going on to Manitou where they rented a cottage and spent three weeks in making trips to all the scenic points round-about. They spent a week in Denver and visited several days at both Trinidad and Pueblo.

**Almost-Cold Nights.**  
In speaking of the climate, Mrs. W. H. Cole said that she slept under two blankets, and one night had to get up and put on her sweater—it was so cold. She describes Bryan temperature as being "mighty hot" in comparison, upon her return from such mild, cool weather.

"We took advantage of every side trip offered on the programs," said Mrs. Cole. "We drove in a car over Raton Pass, it being five miles in distance and one mile in height. This drive presented most wonderful scenery. We climbed Pike's Peak and noted the beautiful flowers blooming as high up as the timber line. Ute Pass, nearly 8,000 feet in altitude, was also most interesting to us sightseers. We made this trip on one of the many hikes we took."

To hear the members of this party tell of their delightful vacation outing makes one long to visit the same scenes that they enjoyed and to pass through the same pleasant experiences.

## THIRTY INJURED IN A RAILROAD WRECK AT MENFRO, MISSOURI

(By Associated Press.)  
ST. LOUIS, Aug. 26.—Thirty persons were injured, three dangerously, when five cars of a Saint Louis & San Francisco passenger train were derailed at Menfro, Missouri, today. A defective rail was the cause of the wreck.

## TWO ARE KILLED IN A SHOOTING AT WORTHAM

(By Associated Press.)  
WORTHAM, Aug. 26.—Jim Wilder and Frank Gilbert are dead, and Moore, a farmer, is being held here on a charge of murder as a result of a shooting affray on the Moore farm, three miles north of here, last midnight. The shooting was the culmination of a quarrel, according to Constable Jim Wasson, who arrested Moore.

## MRS. FERGUSON WILL NOT PERMIT ANY MEMBERS OF KU KLUX KLAN TO HOLD OFFICES OR POSTS AT STATE CAPITOL

(By Associated Press.)  
AUSTIN, Aug. 26.—No member of the Ku Klux Klan will be appointed to posts at the Texas Capitol nor will present office holders in positions filled by appointment be permitted to remain if their affiliations with the secret order are known to her, Mrs. Miriam A. Ferguson of Temple, Democratic nominee for Governor, is quoted as saying in a copyrighted article which will appear in Tuesday morning's issue of the Austin American.

**Against Secret Domination**  
"I'll not let a single capitol employee whom I know to be a member of the Ku Klux Klan remain in office," the nominee is quoted as saying in an interview obtained from her at her home in Temple Monday.

Mrs. Ferguson plans to continue her campaign against the Ku Klux Klan and what she terms a secret domination of Texas politics by a hooded order, according to the Capital city newspaper. She plans to have carried into effect, the Austin Amer-

## SAM B. WILSON IS BACK FROM NEW YORK BUYING TRIP

"New York is quite optimistic over business conditions," said Sam B. Wilson today after a month's annual buying trip to New York, with ten days' vacation spent at Asbury Park. N. J. Mr. Wilson found the styles for this season in millinery and ready-to-wear most unusual and prices more reasonable than in previous times. He made extensive purchases to meet the needs and demands of the people of Bryan, Brazos county and trade territory, and will give to his patronage the benefit of the bargains he made through his long experience in buying at Eastern markets. The purchases are on the way, and when they arrive, which will be in a few days, the store will present a gala appearance, the ready-to-wear department dressed up in latest styles.

## HARRY EDGE RETURNED FROM ST. LOUIS WHERE HE PURCHASED FALL GOODS

Harry S. Edge, Mrs. Edge, and baby, Lynette, and Miss Pansy McSwain returned yesterday from St. Louis, where Mr. Edge had been as a representative of the Edge Dry Goods Company to purchase fall merchandise for his store. Mr. Edge was delighted with the Style Show given in the new Municipal Theatre to the buyers from all over the South by the wholesale houses doing business in St. Louis. Mr. Edge bought a very extensive stock of piece goods, millinery and ready-to-wear and these goods are arriving daily.

## HOUSTON FIRE TAKES TOLL OF HALF MILLION

HOUSTON, Aug. 25.—Officials today began an investigation into the cause of a spectacular downtown fire which Saturday night destroyed buildings, and store stock valued at half a million dollars. The fire was discovered at 1:15 o'clock Sunday morning in the upper floor of the three-story Keown Hardware Building, 911 Preston Avenue. An hour and a half later the entire roof and upper story and the adjoining five-story Sakowitz building was a roaring mass of flames. The Sakowitz building was on Main and Preston, one of the busiest corners in the heart of the city. For a time firemen feared the hole block was doomed. Other business houses, that were damaged by fire, water and smoke, were The Houston Pleating and Button Company; Pine & Reinstein, clothing; Uncle Sam's loan office; Dovers' clothing store; Leo M. Levy, clothing; Cockrell Drug Company; Federal Clothing Company; Billy's cake shop; Peoples' State Bank; Myers, loan office.

## JESS CONLEE WISHES EXPRESS GRATITUDE FOR VOTERS' SUPPORT

I wish to take this means of publicly expressing my thanks and appreciation for the support of the voters at the polls in both the first and second primaries, resulting in my nomination to the office of Sheriff of Brazos county. In taking this office I promise that I will give my best interests to taking care of the duties of Sheriff and will serve—not only those who have supported me in my campaign—but all the people of the county and will enforce all the laws of the State of Texas to the very best of my ability.

## CARL WIPPRECHT IS HOME FROM A VISIT TO BIG DAIRY HERDS

A two weeks' trip by car over the country, for the purpose of inspecting large dairy herds, especially Jersey, has just been completed by Carl Wipprecht, local dairyman and Jersey breeder. He visited every herd of any importance in every locality he visited. He brings the report that Texas crops look just about as good as he saw elsewhere, on the average. He also stated that roads were good on the whole, and that the worst he travelled over was the stretch between Benchley and Hearne. He found some especially good roads of various different types. He mentioned another good stretch of dirt road—one leading into Falfurrias.

## E. W. CRENSHAW AND SON SAM ARE HOME FROM TRIP FAYETTEVILLE, ARKANSAS

Returning home Sunday morning after a two weeks' visit at Fayetteville, Arkansas, E. W. Crenshaw and son, Sam, are enjoying a day of rest today. Mrs. Crenshaw, who accompanied them on the trip stopped over in Dallas for a visit with relatives. They attended the session of the Western Methodist Assembly held on top of Mount Sequoyah, property of the Epworth League. They also enjoyed visits to Bella Vista, and Tahlequa, Oklahoma. Miss Elliott Beason, who accompanied them as a delegate to the assembly from this Epworth League district returned on yesterday also.

## "FOUR PORTRAITS OF JESUS" A SPLENDID TALK BY MRS. PAGE

Fortunate indeed were those who heard Mrs. A. L. Page of Houston last night at the "Y" chapel at College Station, when she spoke on the "Four Portraits of Jesus." A clear, convincing speaker, with an attractive personality and a storehouse of knowledge from which she could readily draw without the least hesitancy, she held her audience to a breathless interest.

"When one studies the Bible it is interesting to learn how often God deals in numbers and signs, which to the casual reader means nothing, but to the believer and student presents the real issues of life," said Mrs. Page. The Four Portraits of Jesus were taken from the four gospels, Matthew, Mark, Luke and John. "Matthew presenting Jesus to the Jews presented Him as a king; Mark presenting Him to the Romans, pictured Him as the humble servant because the Romans were looking for one who could serve; Luke presenting Him to the Greeks pictured Him as the perfect man, and John, writing to the believer, gave Him as the Son of God," said Mrs. Page. And in connection with her talk, she told of the four faces described in the Old Testament, the lion standing for Jesus as the king; the ox or calf, Jesus the servant of all; the cherubim, Jesus the perfect man, and the eagle, Jesus the all-seeing eye. In her closing remarks she drew from the four gospels the crucifixion from Matthew, the resurrection from Mark, the ascension from Luke, and the coming of the Comforter, the Holy Spirit, from John. She impressed upon her hearers the only sin for which people are lost is not believing. Mrs. Page talked at the First Presbyterian church this afternoon at 4:30 o'clock. Her subject was "Satan."

## HAPPY BIRTHDAY PARTY

Mr. and Mrs. George Wilson of Tabor gave a delightful birthday party in honor of their daughter, Miss Effie Wilson, on Saturday evening. At eight o'clock the guests began arriving. They were met at the door and given a welcome by the honoree, each guest bringing a present to remind her of her birthday. When all had arrived, they played games of different kinds; pinning the donkey tail at the right place giving much amusement to the crowd. Then splendid music was rendered on the organ by Miss Ray Huggins, and also Miss Effie Wilson. At a late hour they were invited into the dining room where the lovely angel food cakes and pink cream, bananas and chocolate bars were served. Those helping Mrs. Wilson to serve the refreshments were Mrs. Walter Lindsey and Miss Ola Henry. Those present were: George Harrison, Louella Holiday, Adolph Conrad, Ray Huggins, Jewell Hudspeth, Jess Huggins, Ila Henry, Leonard Holiday, Ellamae McCallum, Charlton Cooper, Noah McWhorter, Curtis Elliott, Effie Wilson, Charlie McWhorter, of Wheelock; Bud Henry, Elmer Wilson, Mrs. Walter Lindsey and children, Don and Pansy, of Bryan.—Reported.

Miss Neville Higgs has as her guest, at the home of her parents, Mr. and Mrs. Walter J. Higgs on Tabor avenue, Miss Vivienne Griffith of Waco. Miss Griffith has visited in Bryan before and many friends are glad to meet with her again during this visit.

## PRIZES AWARDED IN NEGRO COUNTY FAIR

Below is given a list of the several awards of prizes made in the negro county fair, held on Saturday, August 16. All prizes which have not yet been delivered have been left at the colored drug store, on North Main Street, Ned White, proprietor. Owners may call there and claim their property.

The best community exhibit, consisting of all kinds of farm products, live stock, canned goods, domestic science and domestic art was made by the Post Oak Community, and it will be awarded one Junior Steam Pressure canner by the Bryan and Brazos County Chamber of Commerce. Same will be turned over to Sam Smothers.

One big bone Poland China boar pig was won by the Franklin Grove Community to be given by the Bryan and Brazos County Chamber of Commerce. Same will be turned over to Joe Nash.

Andrew Armstrong won the first and second prizes on white corn. Joe Nash won the first and second prizes on yellow corn. G. W. Terry won the prize for long staple cotton. John Cunningham won the second prize for long staple cotton. Robert Hall won the first and second prizes for watermelons. Grant O'Neal won the first and second prizes for potatoes. Silas Martin won the third prize for long staple cotton. Jerry Ford won the first prize for peanuts.

## Live Stock Prizes.

The best milk cow, Jim Collins. The best work mule, G. W. Terry.

Poultry: First prize, Rhode Island Reds, G. W. Terry; second prize, Rhode Island Reds, Henry Moore. First prize, Leghorns, W. W. Evans. E. A. Brown, the best pen of Barred Rocks.

## Domestic Science and Art.

The prettiest cake, Lucinda Campbell; second best cake, Myrtle Richardson. The best cake, Lucinda Campbell. The best loaf of bread, Mary Hayes. Second best loaf of bread, H. E. Muckler. First prize for candy, Lula Ellis.

Domestic Art: First best tatting, Minnie Mitchell; second best tatting, Martha Moore. Best quilt, Eliza Armstrong. Best apron, M. Nash.

The Sosolik Studio gave a kodak to Julia Pollard for a piece of domestic art work.

## CHILDREN'S CLASSIC DANCING CLUB WILL BE STARTED IN BRYAN

Mrs. Ralph L. Ware, of College Station, has followed enthusiastically the suggestion of some of her friends and completed several attractive courses in dancing for the children of Bryan and College Station this winter. The little program booklets are being printed and each pupil will be provided with one for a guide and keepsake. The programs offer a good variety of instruction, ballet, classic and folk dancing, also instruction in musical pantomime, including singing and dancing in their different phases of style and expression. Mrs. Ware's training and experience has been of the highest quality and the work included clings strictly to the ideals and standards of the old masters. During the winter there will be several clever little exhibitions in which all dancing will be done in costume, with unique stage settings for background.

The club is to be divided into two sections; one for children of grades one through fourth; the other for children of grades five through ninth. The enrollment will be limited so that the classes will not become too large for individual instruction. If any of the young women of Bryan would enjoy a course, Mrs. Ware would be ready to form an evening class to meet once a week.

Further information will be printed in a few days. Those wishing to do so may call College 182.

## HUSBAND OF BRYAN GIRL KILLED IN AN AUTO WRECK MIDLAND

MIDLAND, Aug. 25.—J. T. Poole, prominent local ranchman, was killed and ten persons were injured in an auto collision near Midland Saturday night. Harry Neblett, Don Davis, Byron Bryant and Charles Goldsmith, all suffered serious, though not fatal, injuries. The Gibson family of six members, occupants of the other car, were bruised badly. They reside in Colorado, Texas. Mr. Poole's body, accompanied by his widow and young daughter, was taken to Waco for burial.

Bryan friends will be shocked and grieved to learn of the tragic death of Mr. Poole. They are particularly interested in that he married one of Bryan's splendid daughters, Miss Mina Graham, daughter of Mr. and Mrs. W. E. Graham of Rock Prairie some few months ago. The entire community extends sympathy and condolence to this bereaved wife as she "passes under the rod."

Mr. and Mrs. W. E. Graham, Messrs. Pinckney and Calhoun Graham, Mrs. Arthur Ford and baby, and W. I. McCulloch went to Waco, today to attend the funeral of Mr. Poole. Mr. Poole was killed in an automobile accident at Midland on Saturday night, when two cars collided. The body was brought to Waco for burial, and the funeral was held this afternoon at 5 o'clock from the residence of a sister of the deceased, Mrs. R. L. Abbott, 926 North 14th Street.

PROF. AND MRS. F. R. JONES LEAVE TO SPEND MONTH IN WISCONSIN WITH RELATIVES

# NO OASES IN THE DESERT WHEN THE DEMOCRATIC CONVENTION MEETS

(By Associated Press.)  
AUSTIN, Aug. 26.—Austin is to who issue apparently undue number the standpoint of law enforcement, Governor Pat M. Neff announced late today. He was in conference during the afternoon with the adjutant general, controller, the sheriff of Travis county, both justices of the peace in Austin, the district attorney, the county attorney and federal liquor law enforcement officers, and at its conclusion announced that hotels, drug stores, and physicians be made bone dry and a model from bers of liquor prescriptions would be kept under scrutiny, and that enough rangers and secret service men would

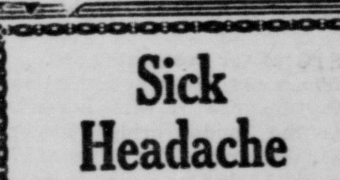

## MIRIAM'S DAUGHTER SAYS MA WILL BE THE BOSS IN TEXAS

NEW YORK, Aug. 26.—"Ma" Ferguson is going to be the boss! Mrs. George Nalle, of Austin, daughter of the woman who has just achieved the most sensational political victory of the generation by defeating the Ku Klux Klan and insuring her election as the first woman to be governor of any state in the Union, promised that today.

"Ma Will Be Boss."  
Mrs. Nalle, with her husband and small son, Ernest, are visiting in New York for a few days, resting from their activities in the campaign. "Mamma's victory mean that she is going to be governor of Texas in fact as well as name," Mrs. Nalle asserted, "despite the fact that the Ku Klux Klan, in an attempt to discredit her, painted word pictures of her as a mere figurehead for my father, former Governor James E. Ferguson. Mamma, however, has a mind of her own, and will be the boss, never fear."

**Daddy Is To Help.**  
"When daddy was governor he always talked over his problems with mamma before reaching a decision. Now the situation will be reversed. Daddy will co-operate with mamma in every way and give her the benefit of his years of practical experience. It will be a work of love for him, because he will want her administration to go down in history as a monument to the first woman governor of any state."

Mr. and Mrs. Victor B. Edge and little son, John, Mrs. J. T. Evans and Mrs. John S. Edge, have returned from a delightful trip by automobile, visiting Corpus Christi, New Braunfels and other places of interest.

### Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

### Thedford's BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Thedford's Black-Draught. It will stimulate the liver and help to drive out the poisons. Sold by all dealers. Costs only one cent a dose. E-104

**FOR HOME AND STABLE**  
The extraordinary Boronzo treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Boronzo, and the Boronzo Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

## FISH DYNAMITERS ON NAVASOT ARRESTED BY DEPUTY GAME WARDEN

Sledge Houston of Burleson county, deputy State fish and game warden, was in Bryan this morning and stated to an Eagle reporter that four men had been arrested in Bryan for selling fish without a license. Mr. Houston stated that the dynamiters, while operating on the Brazos county side, were Grimes county residents and hailed from Bedias, Iola and that section. He did not mention their names.

Mr. Houston, in complimenting the Eagle on having printed the hunting laws, zones and bag limits, together with open seasons, in Thursday's Eagle, stated that the only money the State derived for its game department came from the sale of hunting licenses at \$2 each. These licenses are procurable from game wardens, or from the office of County Clerk A. S. McSwain. To hunt in one's home county does not require a license, but for a man to hunt in some other county than his own, a license is necessary. Squirrel season is open and dove season opens on November 1. It is already open north of the I.G. N. railway.

## OVER 450 CASES LIQUOR TAKEN

COAST GUARD CUTTER COMANCHÉ MAKES ANOTHER CAPTURE AT GALVESTON

## HOUSTON MOTOR BOAT

(By Associated Press.)  
GALVESTON, Aug. 26.—The motor launch "Rosalie M." of Houston, laden with 450 cases of foreign liquor, was captured by the Coast Guard cutter "Comanche," 30 miles off Galveston, yesterday. It became known today when the "Comanche" brought the launch into port. Two men were aboard the launch.

## GOOD ATTENDANCE AT MISSIONARY MEETINGS OF METHODIST GROUPS

Despite the warm weather and vacation time, group meetings of the Woman's Missionary Society of the First Methodist church continue to hold weekly meetings. The meetings for Monday were as follows:

The monthly social and voice program of Group No. 5 was held at the home of Mrs. J. L. Lush, at Edge Apartments. Mrs. Lamar Jones led the program and was assisted by other members of the society present. Following the business session and program the hostess passed a refreshment plate of brick ice cream, cake and salted nuts, and the ladies visited together for a half hour. Present were: Mesdames Will Bradley, J. M. Williams, Will Poindester, J. W. Black, J. N. Dulaney, Lamar Jones, J. L. Lush, O. A. Ashworth, C. M. Bethany and Miss Callie Kern.

**Mrs. Bentley Hostess.**  
Groups No. 2 and 4 met at the home of Mrs. M. R. Bentley. The devotion was led by Mrs. D. P. Gaby, chairman of Group No. 1. The program was in charge of Mrs. J. N. Goodwin. The subject was "Mission Work Among Our Mountain People."

Mrs. Goodwin assisted in presenting the program by Mesdames C. A. Lewis, C. L. Eden, J. B. Priddy and T. A. Adams. Bits of missionary news were given by others present. Following the program the hostess served iced soda water and cheese wafers to the following: Mesdames J. B. Priddy, J. N. Goodwin, T. A. Adams, Oak McKenzie, H. H. Prager, C. A. Lewis, D. P. Gaby and C. L. Eden.

## J. BRYAN MILLER IS NAMED AS MEMBER OF CHAMBER OF COMMERCE

In the absence of President John M. Lawrence, who could not be present this morning, vice-president Wilson Bradley presided over the regular weekly meeting of the Bryan and Brazos County Chamber of Commerce's Board of Directors, held at 10 o'clock at the Commercial rooms. Secretary Eberstadt reported that 18 solicitors had been refused endorsements to work in Bryan during the past week. He also reported the following new members of the Chamber of Commerce: F. J. Vitopil and J. Bryan Miller, the latter the new city manager. He was also elected to take the place left vacant on the Board of Directors by the resignation and removal from the city of City Manager E. E. McAdams. Mr. Miller was then named by Chairman W. H. Cole to act as a member of his—highway coin mittee.

## Defense Day Committee

Mayor Tyler Haswell reported that the committee on National Defense Test Day had met on last Friday and appointed sub-committees and that they would meet again this coming Friday when all matters of arrangement would be settled and the full program given out.

The following Directors were present this morning: Colonel Ike Ashburn, Wilson Bradley, J. M. Gordon, T. K. Lawrence, J. D. Martin, Oak McKenzie, L. L. McInnis, Mrs. Lee J. Rountree, D. L. Wilson and M. E. Wallace.

## FIRST WOMAN TO HOLD GOVERNOR'S POSITION TAKES OFFICE JAN. 20

AUSTIN, Aug. 26.—Mrs. Miriam A. Ferguson, Democratic nominee for the governorship as the result of Saturday's run-off primary, assuming that she will be elected in November at the general election, will go into office on Jan. 20, 1925.

The general election will be held on the first Tuesday following the first Monday in November, that is, Nov. 4. She will become the State's chief executive and the first American woman Governor on the first Tuesday after the organization of the Thirty-Ninth Texas Legislature, which will meet for the purpose of organization on the second Tuesday in January next.

**Depends on Legislature.**  
Under the usual procedure this would bring the date of her inauguration on the third Tuesday of the month, Jan. 20. The only factor that might defer the inauguration would be the failure of the Legislature to perfect its organization within a week. Other State officers will be elected in November will take office at the same time as does the Governor.

**AN EXHILARATING EFFECT**  
A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

## BRYAN PARTY HOME FROM COLORADO TRIP

Having arrived home on Sunday from a five weeks' visit to interesting points in Colorado, Mrs. W. H. Cole, Mrs. Egbert Jones, and daughter, Mary, and Mr. and Mrs. H. R. Brayton, members of the pleasure party, are telling wonderful tales of the points there visited, the gorgeous scenery, the wonderful time and the delightful climate.

They made the trip out and back by car, stopping en route West at Colorado Springs for a brief visit before going on to Manitou where they rented a cottage and spent three weeks in making trips to all the scenic points round about. They spent a week in Denver and visited several days at both Trinidad and Pueblo.

**Almost-Cold Nights.**  
In speaking of the climate, Mrs. W. H. Cole said that she slept under two blankets, and one night had to get up and put on her sweater—it was so cold. She describes Bryan temperature as being "mighty hot" in comparison, upon her return from such mild, cool weather.

"We took advantage of every side trip offered on the programs," said Mrs. Cole. "We drove in a car over Raton Pass, it being five miles in distance and one mile in height. This drive presented most wonderful scenery. We climbed Pike's Peak and noted the beautiful flowers blooming as high up as the timber line. Ute Pass, nearly 8,000 feet in altitude, was also most interesting to us sightseers. We made this trip on one of the many hikes we took."

To hear the members of this party tell of their delightful vacation outing makes one long to visit the same scenes that they enjoyed and to pass through the same pleasant experiences.

## THIRTY INJURED IN A RAILROAD WRECK AT MENFRO, MISSOURI

(By Associated Press.)  
ST. LOUIS, Aug. 26.—Thirty persons were injured, three dangerously, when five cars of a Saint Louis & San Francisco passenger train were derailed at Menfro, Missouri, today. A defective rail was the cause of the wreck.

## TWO ARE KILLED IN A SHOOTING AT WORTHAM

(By Associated Press.)  
WORTHAM, Aug. 26.—Jim Wilder and Frank Gilbert are dead, and Jim Moore, a farmer, is being held here on a charge of murder as a result of a shooting affray on the Moore farm, three miles north of here, last midnight. The shooting was the culmination of a quarrel, according to Constable Jim Wasson, who arrested Moore.

## MRS. FERGUSON WILL NOT PERMIT ANY MEMBERS OF KU KLUX KLAN TO HOLD OFFICES OR POSTS AT STATE CAPITOL

(By Associated Press.)  
AUSTIN, Aug. 26.—No member of the Ku Klux Klan will be appointed to posts at the Texas Capitol nor will present office holders in positions fill ed by appointment be permitted to remain if their affiliations with the secret order are known to her, Mrs. Miriam A. Ferguson of Temple, Democratic nominee for Governor, is quoted as saying in a copyrighted article which will appear in Tuesday morning's issue of the Austin American.

**Against Secret Domination**  
"I'll not let a single capitol employee whom I know to be a member of the Ku Klux Klan remain in office," the nominee is quoted as saying in an interview obtained from her at her home in Temple Monday.

Mrs. Ferguson plans to continue her campaign against the Ku Klux Klan and what she terms a secret domination of Texas politics by a hooded order, according to the Capitol city newspaper. She plans to have carried into effect, the Austin American interview states, the plank of her campaign platform in which she specifically condemns the Ku Klux Klan and proposes legislation against masking, against masked assembly, and for compulsory registration of memberships in secret orders for public inspection at the County Clerk's office in each county.

**Elected As Anti-Klan**  
Her intentions in regard to Klan legislation she made known Monday, according to the Austin American, by referring her interviewer to a published copy of her campaign platform. She added that upon her election she plans to exert her influence as Governor for the adoption of this legislation.

## JESS CONLEE WISHES EXPRESS GRATITUDE FOR VOTERS' SUPPORT

I wish to take this means of publicly expressing my thanks and appreciation for the support of the voters at the polls in both the first and second primaries, resulting in my nomination to the office of Sheriff of Brazos county. In taking this office I promise that I will give my best interests to taking care of the duties of Sheriff and will serve—not only those who have supported me in my campaign—but all the people of the county and will enforce all the laws of the State of Texas to the very best of my ability.

## CARL WIPPRECHT IS HOME FROM A VISIT TO BIG DAIRY HERDS

A two weeks' trip by car over the country, for the purpose of inspecting large dairy herds, especially Jersey, has just been completed by Carl Wipprecht, local dairyman and Jersey breeder. He visited every herd of any importance in every locality he visited. He brings the report that Texas crops look just about as good as he saw elsewhere, on the average. He also stated that roads were good on the whole, and that the worst he travelled over was the stretch between Benchley and Hearne. He found some especially good roads of various different types. He mentioned another good stretch of dirt road—one leading into Falfurrias.

## E. W. CRENSHAW AND SON SAM ARE HOME FROM TRIP FAYETTEVILLE, ARKANSAS

Returning home Sunday morning after a two weeks' visit at Fayetteville, Arkansas, E. W. Crenshaw and son, Sam, are enjoying a day of rest today. Mrs. Crenshaw, who accompanied them on the trip stopped over in Dallas for a visit with relatives. They attended the session of the Western Methodist Assembly held on top of Mount Sequoyah, property of the Epworth League. They also enjoyed visits to Bella Vista, and to Tahlequah, Oklahoma. Miss Elliott Beason, who accompanied them as a delegate to the assembly from this Epworth League district returned on yesterday also.

## "FOUR PORTRAITS OF JESUS" A SPLENDID TALK BY MRS. PAGE

Fortunate indeed were those who heard Mrs. A. L. Page of Houston last night at the "Y" chapel at College Station, when she spoke on the "Four Portraits of Jesus." A clear, convincing speaker, with an attractive personality and a storehouse of knowledge from which she could readily draw without the least hesitancy, she held her audience to a breathless interest.

"When one studies the Bible it is interesting to learn how often God deals in numbers and signs, which to the casual reader means nothing, but to the believer and student presents the real issues of life," said Mrs. Page. The Four Portraits of Jesus were taken from the four gospels, Matthew, Mark, Luke and John. "Matthew presenting Jesus to the Jews presented Him as a kind; Mark presenting Him to the Romans, pictured Him as the humble servant because the Romans were looking for one who could serve; Luke presenting Him to the Greeks pictured Him as the perfect man, and John, writing to the believer, gave Him as the Son of God," said Mrs. Page. And in connection with her talk, she told of the four faces described in the Old Testament, the lion standing for Jesus as the king; the ox or calf, Jesus the servant of all; the cherubim, Jesus the perfect man, and the eagle, Jesus the all-seeing eye. In her closing remarks she drew from the four gospels the crucifixion from Matthew, the resurrection from Mark, the ascension from Luke, and the coming of the Comforter, the Holy Spirit, from John. She impressed upon her hearers the only sin for which people are lost is not believing.

Mrs. Page talked at the First Presbyterian church this afternoon at 4:30 o'clock. Her subject was "Satan."

## HAPPY BIRTHDAY PARTY

Mr. and Mrs. George Wilson of Tabor gave a delightful birthday party in honor of their daughter, Miss Effie Wilson, on Saturday evening. At eight o'clock the guests began arriving. They were met at the door and given a welcome by the honoree, each guest bringing a present to remind her of her birthday. When all had arrived, they played games of different kinds; pinning the donkey tail at the right place giving much amusement to the crowd. Then splendid music was rendered on the organ by Miss Ray Huggins, and also Miss Effie Wilson. At a late hour they were invited into the dining room, where the lovely angel food cakes and pink cream, bananas and chocolate bars were served. Those helping Mrs. Wilson to serve the refreshments were Mrs. Walter Lindsey and Miss Ola Henry. Those present were: George Harrison, Louella Holiday, Adolph Conrad, Ray Huggins, Jewell Hudspeth, Jess Huggins, Ilia Henry, Leonard Holiday, Ellamae McCallum, Charlton Cooper, Noah McWhorter, Curtis Elliott, Effie Wilson, Charlie McWhorter, of Wheelock; Bud Henry, Elmer Wilson, Mrs. Walter Lindsey and children, Don and Pansy, of Bryan.—Reported.

Miss Neville Higgs has as her guest, at the home of her parents, Mr. and Mrs. Walter J. Higgs on Tabor avenue, Miss Vivienne Griffith of Waco. Miss Griffith has visited in Bryan before and many friends are glad to meet with her again during this visit.

## PRIZES AWARDED IN NEGRO COUNTY FAIR

Below is given a list of the several awards of prizes made in the negro county fair, held on Saturday, August 16. All prizes which have not yet been delivered have been left at the colored drug store, on North Main Street, Ned White, proprietor. Owners may call there and claim their property.

The best community exhibit, consisting of all kinds of farm products, live stock, canned goods, domestic science and domestic art was made by the Post Oak Community, and it will be awarded one Junior Steam Pressure canner by the Bryan and Brazos County Chamber of Commerce. Same will be turned over to Sam Smothers.

One big bone Poland China boar pig was won by the Franklin Grove Community to be given by the Bryan and Brazos County Chamber of Commerce. Same will be turned over to Joe Nash.

Andrew Armstrong won the first and second prizes on white corn. Joe Nash won the first and second prizes on yellow corn. G. W. Terry won the prize for long staple cotton. John Cunningham won the second prize for long staple cotton. Robert Hall won the first and second prizes for watermelons. Grant O'Neal won the first and second prizes for potatoes. Silas Martin won the third prize for long staple cotton. Jerry Ford won the first prize for peanuts.

**Live Stock Prizes.**  
The best milk cow, Jim Collins. The best work mule, G. W. Terry. Poultry: First prize, Rhode Island Reds, G. W. Terry; second prize, Rhode Island Reds, Henry Moore. First prize, Leghorns, W. W. Evans. E. A. Brown, the best pen of Barred Rocks.

**Domestic Science and Art.**  
The prettiest cake, Lucinda Campbell; second best cake, Myrtle Richardson. The best cake, Lucinda Campbell. The best loaf of bread, Mary Hayes. Second best loaf of bread, H. E. Muckler. First prize for candy, Lula Elliott.

**Domestic Art.** First best tatting, Minnie Mitchell; second best tatting, Martha Moore. Best quilt, Eliza Armstrong. Best apron, M. Nash. The Sossolik Studio gave a kodak to Julia Pollard for a piece of domestic art work.

## CHILDREN'S CLASSIC DANCING CLUB WILL BE STARTED IN BRYAN

Mrs. Ralph L. Ware, of College Station, has followed enthusiastically the suggestion of some of her friends and completed several attractive courses in dancing for the children of Bryan and College Station this winter. The little program booklets are being printed and each pupil will be provided with one for a guide and keepsake. The programs offer a good variety of instruction, ballet, classic and folk dancing, also instruction in musical pantomime, including singing and dancing in their different phases of style and expression. Mrs. Ware's training and experience has been of the highest quality and the work included clings strictly to the ideals and standards of the old masters. During the winter there will be several clever little exhibitions in which all dancing will be done in costume, with unique stage settings for background.

The club is to be divided into two sections; one for children of grades one through fourth; the other for children of grades five through ninth. The enrollment will be limited so that the classes will not become too large for individual instruction. If any of the young women of Bryan would enjoy a course, Mrs. Ware would be ready to form an evening class to meet once a week.

Further information will be printed in a few days. Those wishing to do so may call College 182.

## HUSBAND OF BRYAN GIRL KILLED IN AN AUTO WRECK MIDLAND

MIDLAND, Aug. 25.—J. T. Poole, prominent local ranchman, was killed and ten persons were injured in an auto collision near Midland Saturday night. Harry Neblett, Don Davis, Byron Bryant and Charles Goldsmith, all suffered serious, though not fatal, injuries. The Gibson family of six members, occupants of the other car, were bruised badly. They reside in Colorado, Texas. Mr. Poole's body, accompanied by his widow and young daughter, was taken to Waco for burial.

Bryan friends will be shocked and grieved to learn of the tragic death of Mr. Poole. They are particularly interested in that he married one of Bryan's splendid daughters, Miss Milna Graham, daughter of Mr. and Mrs. W. E. Graham of Rock Prairie some few months ago. The entire community extends sympathy and condolence to this bereaved wife as she "passes under the rod."

Mr. and Mrs. W. E. Graham, Messrs. Pinckney and Calhoun Graham, Mrs. Arthur Ford and baby, and W. I. McCulloch went to Waco, today to attend the funeral of Mr. Poole. Mr. Poole was killed in an automobile accident at Midland on Saturday night, when two cars collided. The body was brought to Waco for burial, and the funeral was held this afternoon at 5 o'clock from the residence of a sister of the deceased, Mrs. R. L. Abbott, 926 North 14th Street.

## PROF. AND MRS. F. R. JONES LEAVE TO SPEND MONTH IN WISCONSIN WITH RELATIVES

Mr. and Mrs. F. R. Jones are leaving for a month's vacation which they will spend with his parents, Mr. and Mrs. F. Jones, at Mauston, Wisconsin, and with other relatives and friends in that vicinity. Mr. Jones is assistant professor of agricultural engineering at the A. and M. College.

## NO CASES IN THE DESERT WHEN THE DEMOCRATIC CONVENTION MEETS

(By Associated Press.)  
AUSTIN, Aug. 26.—Austin is to be thrown into the city to make the edict airtight and positively effective. The new order of things will go into effect next Monday morning, the governor said.

## MIRIAM'S DAUGHTER SAYS MA WILL BE THE BOSS IN TEXAS

NEW YORK, Aug. 26.—"Ma" Ferguson is going to be the boss! Mrs. George Nalle, of Austin, daughter of the woman who has just achieved the most sensational political victory of the generation by defeating the Ku Klux Klan and insuring her election as the first woman to be governor of any state in the Union, promised that today.

**"Ma Will Be Boss."**  
Mrs. Nalle, with her husband and small son, Ernest, are visiting in New York for a few days, resting from their activities in the campaign. "Mamma's victory means that she is going to be governor of Texas in fact as well as name," Mrs. Nalle asserted, "despite the fact that the Ku Klux Klan, in an attempt to discredit her, painted word pictures of her as a mere figurehead for my father, former Governor James E. Ferguson. Mamma, however, has a mind of her own, and will be the boss, never fear."

**Daddy Is To Help.**  
"When daddy was governor he always talked over his problems with mamma before reaching a decision. Now the situation will be reversed. Daddy will co-operate with mamma in every way and give her the benefit of his years of practical experience. It will be a work of love for him, because he will want her administration to go down in history as a monument to the first woman governor of any state."

Mr. and Mrs. Victor B. Evans and little son, John, Mrs. J. T. Evans and Mrs. John S. Edge, have returned from a delightful trip by automobile, visiting Corpus Christi, New Braunfels and other places of interest.

**Sick Headache**

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

## Thedford's BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

**FOR HOME AND STABLE**  
The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

## FISH DYNAMITERS ON NAVASOT ARRESTED BY DEPUTY GAME WARDEN

Sledge Houston of Burleson county, deputy State fish and game warden, was in Bryan this morning and stated to an Eagle reporter that four men had been arrested in Bryan for selling fish without a license. Mr. Houston stated that the dynamiters, while operating on the Brazos county side, were Grimes county residents and hailed from Bedias, Iola and that section. He did not mention their names.

Mr. Houston, in complimenting the Eagle on having printed the hunting laws, zones and bag limits, together with open seasons, in Thursday's Eagle, stated that the only game department came from the sale of hunting licenses at \$2 each. These licenses are procurable from game wardens, or from the office of County Clerk A. S. McSwain. To hunt in one's home county does not require a license, but for a man to hunt in some other county than his own, a license is necessary. Squirrel season is open and dove season opens on November 1. It is already open north of the I.G. N. railway.

is a prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs.

## KINGS HIGHWAY

(Special to Bryan Daily Eagle).  
KINGS HIGHWAY, Aug. 26.—Saturday, August 23rd, closed the ninth week without any rain in this section. Needless to say, things are getting dry.

Cotton is opening very fast, and from present indications, picking will soon be over. Quite a falling off in expected production, but not all as desperately a failure as one man reported when asked about his crop. "One boll is open and we expect the other to open soon as it rains."

P. O. Connor of Marquette was a visitor in this neighborhood last Sunday. He has accepted the position as principal of the Kings Highway school for next term. Miss Madge Henry of Navasota will be the assistant teacher. Plans are being made to open school October 1, if cotton picking is sufficiently over. Money raised by the women with a play and box supper was used to purchase an up-to-date steel bookcase for the school.

Bob Hardin reports killing a rattlesnake with fourteen rattles. No, there isn't anything suspicious about this—he only saw one!

One of the most exciting things to happen in this community for a long time was the surveying of the Navasota bottom for a good road to Normangee. We are wondering if our Fords would know how to cross that bottom without dodging around trees.

## STATUES OF FAMOUS SOUTHERN MEN WILL BE UNVEILED THURSDAY

AUSTIN, Aug. 27.—On Thursday of this week the four magnificent statues now reposing in the American National Bank of this city will be placed in the rotunda of the State Capitol to remain until they become part of the colossal Southern memorial at the University of Texas, made possible by a \$250,000 bequest by the late Major George W. Littlefield. Announcement to that effect was made by H. A. Wroe, president of the bank, and an administrator of the Littlefield will.

The statues depict Albert Sidney Johnston, Robert E. Lee, Jefferson Davis, and Woodrow Wilson. Later there will be added those of James Stephen Hogg and John H. Reagan.

## LONGEST UNPAVED ROAD

"The longest straight stretch of unpaved highway in Texas, according to my travels over the state, lies just to the south of Rockport, between Aransas Pass and Gregory," said H. D. Cuykendall, city editor on the Bryan Daily Eagle, the city that claims College Station—where the A. and M. College is located—as a suburb. Mr. Cuykendall and family drove into Rockport on Wednesday afternoon on their way to the Cool Coast Camp, to spend a couple of days' vacation. They stopped in at the Pilot office for a visit with the "ole man," and swapped tobacco. They have been to San Antonio and Medina Lake, where they had been told fairy tales of the wonderland fishing, but they (the fish) refused to bite just at this season. Leibold's upper camp, said Mr. Cuykendall, is eleven miles through the young mountains off the Bandero road. It is up hill and down, one after another, without end, it seems. The eleven miles stretches out in one's imagination to about 111. He wore out the foot clutch and the foot brake keeping the car from running wild down hill and now the reverse is all that he has left. That's the way he came into Rockport—running backwards on the way home to Bryan.—Rockport Pilot.

## MARRIAGE LICENSES FOR BRAZOS COUNTY

The following is a list of the marriage licenses issued at the office of County Clerk A. S. McSwain, since the last previous publication of last week: G. W. Kerney and Hattie Mae Curtis; J. W. Stevenson and Addie Irvin; Eddy Conley and Kenith Davis; Fennan Anderson and Cyrilla Logan; Lonnie Thompson and Legalia Bradley; Riley Sandle and Annie Williams; Ezekiel Duron and Eliza Phillips; Jacob Littleton and Ida Robertson; R. H. Hayes and Clairinda Parker.

## THE STENOGRAPHER PREEMINENT

Is necessarily an extensive reader with a ready reference dictionary as an inseparable companion and consequently possesses a rich variety of useful and practical information, a comparatively unlimited vocabulary which gives her a fluency of expression characteristic of the brilliant and entertaining conversationalist as well as a valuable contributor to literary periodicals, as daily and weekly papers, journals and magazines, thereby very materially increasing her financial income in addition to her social distinction in the educated world.

A number of our former lady students have ascended to a high pinnacle on this ladder of fame and among them could have been included a number of our Bryan lady students had their ambition led in this direction, the same is true of several of our students at the present time.

In the stenographic field are different degrees of proficiency which measure the rate of compensation. And it is with the ambition of the student to say whether it shall be \$15.00 or \$50.00 per week.

## GOING PEEP BEHIND THE SCENES AT THE MAKING OF "NORTH OF 36"

Mr. and Mrs. W. R. Fairman will leave Sunday morning by car for Bassett Blackley's ranch, near Richmond, Texas, where they will observe the making of the pictures from Emerson Hough's great historical novel of Texas when "Cattle Was King," "North of 36." They have been given a special invitation to come and witness operations and meet some of the film stars taking part in the picture. Mr. Fairman is chairman of the organized Texas distributors.

## HOME DEMONSTRATION STAFF MEMBERS IN A PARTY TO MISS HIGGINS

The staff members of the home demonstration department of the Extension Service of A. and M. College entertained on Monday evening at the home of Mrs. C. E. Friley on College campus, with a beautiful miscellany "showers," given in honor of Miss Helen Higgins, whose marriage to Mr. E. E. Davis of Nacogdoches State Teachers' College, will be solemnized Wednesday, August 27th, at 2 p. m., at College Station. Miss Higgins has been the state agent of the home demonstration work for several years past, and has won the hearts of all with whom she has been associated. These co-workers honored her on the eve of her marriage with this beautiful social courtesy. A full account of this affair will appear in the social columns of the Eagle on Friday.

## LEAGUE COUNCIL MEET

The Council of officers of the Epworth League of the First Methodist Church met last night at the home of Miss Elliott Beason for a discussion of the work and to hear echoes of the Western League Assembly at Fayetteville, Ark. Miss Beason and Sam Crenshaw were representatives from the Bryan League at the Assembly meetings. Those present at last night's meeting were: Messrs Nellie Eden, Eugenia and Emile Cochran, Elliott Beason and Sam Crenshaw.

## LONDON BRIDGE IS JUST ABOUT READY REALLY FALL DOWN

(By Associated Press).  
LONDON, Aug. 27.—The familiar rhyme, "London bridge is falling down," loses its blithe note on the ears of London officials, who have received warning that the ancient structure is bordering on the condition described in Mother Goose.

River workers report that one of the piers has dropped four inches under the stress of traffic thrown on the structure when Waterloo bridge, another of London's eight arteries spanning the Thames, became incapacitated for heavy vehicles.

Tests are shortly to be made to ascertain the repairs necessary to save the London bridge, the original stone structure dating from 1176. The present bridge was rebuilt in 1831.

## HARVEY HAPPENINGS

(Special to Bryan Daily Eagle).  
HARVEY, Aug. 27.—During the last two weeks in July the Harvey correspondent was visiting in Cooper, Okla., a little village surrounded by the beautiful and picturesque range of Wichita mountains in southwestern part of the state. The grasshoppers had made terrible ravages on the cotton and corn, but arrived too late to injure the wheat crop, which was all shocked and being threshed out when we were there. The residents claimed it was the finest and heaviest crop of wheat made in that section for years, and was selling direct from the threshing machines at 60c per bushel and delivered for 12 miles or more. It was very cool and delightful while we were there, so we were disappointed when we returned home to find all our peaches dried up on the trees and the grass all brown. We have been home now a month and not a single shower has fallen to cool the atmosphere nor revive the parched grass. In fact we have had no rain since the early part of June. Farmers around here are all drawing water for their stock, or driving them to far off pastures where water is available.

Rev. R. L. Brown held his regular service at Harvey church Sunday, to a very good congregation and preached a very interesting sermon to the young Christians, explaining what is meant by a Christian life.

Mr. and Mrs. Jim Kelly are rejoicing over the birth of their first son born two weeks since, just thirteen years after the day they were married. His name is Gervase Searcy. These good people adopted a baby girl two or three years ago of which they are very fond.

Jno. Dyers, accompanied by his son Dempries, daughter Iris, and Irvin Todd, motored to Lubbock last week, and brought home with them Miss Florence Dyers who has been attending summer school up there. Mr. Dyers reports crops fine there, some expecting to make a bale of cotton to the acre. He was delighted with that part of the state. Demprie Dyers remained up there. Miss Annie Dyers arrived Sunday to spend her two weeks vacation with her home folks. Miss Annie is taking a course as a trained nurse, at the Sealy Hospital in Galveston, and is very enthusiastic over her work, and pleased with all her surroundings.

George Davidson, after an illness of four weeks at his parents' home at last gained strength enough to take the trip to Lincoln, Neb. where he will take a course in the university there, to get his M. S. degree in Electrical Engineering, and will also receive employment as assistant teacher in that branch. He left last Friday, stopping over in Dallas for a few days, visit to friends there.

## BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

### Army Worms In Cotton.

Passing along some of the cotton fields one may smell army worms in the fields. Perhaps it is too late for much damage to be done now, but late cotton, and cotton in the bottoms where it is yet green and flourishing should be carefully watched and poisoned if the worms make their appearance, using calcium arsenate, arsenate of lead, or Paris green. In a letter to county agents, Director T. O. Walton quotes Dr. F. L. Thomas, State entomologist, as giving the following suggestions with reference to the use of the above named poisons: "When applied in dust form, calcium arsenate may be used without diluting. Arsenate of lead may be mixed with one-fourth as much hydrated lime to improve its physical qualities, thus permitting the poison to be more easily applied; it also possesses the advantage of adhering to the plants for a greater length of time. Paris green, when dusted, should be mixed in the proportion of one part Paris green to eight parts of hydrated lime."

### Tabor's Community Fair.

Tabor is out with her announcement of her fifth annual community fair, Friday, September 26, 1924, J. T. Abbott, president; Mrs. R. F. Crenshaw secretary. It will be observed that quite a change has been made this year in the premium list, but it covers a wide area and will, evidently, be conducive to even a better fair than heretofore. The boys and girls in the club may feel that they have been discriminated against, when it appears that adult farmers are given \$2.50 first prize on corn while club members get only 75 cents first prize, but club members will need less incentive to do the best than will adult people, so this may account for the seeming discrimination. In selecting your corn for community and county fair, don't forget that the ear of corn which wins at your fair may also win that \$500 at the East Texas Cotton Palace and Corn Show.

### Praying for Chicago Trip.

One club member writes that he is not only working hard on his project, but that he is also praying every day that he may win a trip to Chicago. He states that he is just now realizing what club work may mean to him. Mark my prediction, you will hear of the success of this boy later. Work and prayer will win.

### Two Bales Already Ginned.

During the recent Short Course, it was stated that the prize of \$1,000 offered by the Dallas News had done more to stimulate better acreage production than any other thing that had ever been done. With unfavorable seasons, one of the contestants in Brazos county has already ginned two bales from five acres and will likely get more than three additional bales, making the total five bales or more. This ought to serve to show us that we can make more bales per acre, one of the essentials the Dallas

### FAREWELL PARTY FOR JUANITA GOMEZ WHO IS LEAVING FOR HOLDING INSTITUTE

Mrs. H. N. Cochran was hostess for a shower given on Tuesday afternoon at her home, honoring Miss Juanita Gomez, who is returning to Holding Institute at Laredo to finish her studies. Juanita is being educated by the Woman's Missionary Society of the First Methodist church of Bryan as a missionary to go out and work among the Mexicans, her own people. This is Juanita's third year at Holding Institute, and those interested think she has made wonderful progress. Only members of her Sunday school class were included in the invitation and each one brought some useful gift to Juanita expressing their interest in her progress and extending good wishes.

After games and conversation, fruit punch and cake was passed to the following: Misses Wava Martin, Louise Martin, Elliott Beason, Nellie Eden, Edna Earl Cummings, Sarah Boyett, Eugenia and Emile Cochran.

### PRE-NUPTIAL DINNER HONORING MISS M. HELEN HIGGINS, AT A. M.

As a pre-nuptial courtesy to Miss M. Helen Higgins, state home demonstration agent, Extension Service of the A. and M. College, an elegant dinner was given in her honor on Tuesday evening in the private dining room at the Mess Hall. Covers were laid for thirty guests, and the affair was elegant in every detail, from the very attractive table decoration, through the delicious four-course dinner served and the program of entertainment which followed. Trailing smilax outlined the central floral piece, which ran the entire length of the table; bright pink and blue blossoms giving rich coloring amid the green leaves. Green candles in crystal candlesticks, bowed with pink tulle, further adorned the dinner table, and attractive place cards, each containing advice for the bride, and which were read during the evening, were an added feature of beauty and pleasure.

T. O. Walton, director of the Extension Service, was toastmaster, and in a pleasing way gave the guests opportunity to express their love and admiration for Miss Higgins, the guest of honor, but also to give advice as to training and holding, and even how to cook for a husband. Good fellowship and real friendships, made true and lasting by association, gave a zest to the evening which will long be remembered by all present. At the close of the dinner, the bride-to-be cut the bride's cake first, and was followed by all the guests, each giving a good wish for the future of Miss Higgins and her fiancé, Mr. E. E. Davis.

News hopes to point out to the farmers of Texas. A careful study of the methods and practices of the several thousands farmers entering this great contest should certainly be helpful to the other farmers in arriving at better farming methods.

### More Terracing Demands.

J. R. Stewart, one of the prominent farmers of the Reliance community, was in to see the county agent Monday of this week, asking that help be given him a little later on in the matter of terracing his hill lands. Scores of other farmers have already asked that they be remembered in the terracing campaign this fall and winter. Practically all farmers are beginning to look on terracing as the best means to check soil washing and as the only way to lay the foundation for the building of a better soil.

### Prizes for Encouragement.

In a meeting of county agents held at College during the Short Course, the matter of whether or not it is best to accept any sort of prizes for club work, or the encouragement of a better agriculture, was discussed in order to bring out an expression as to whether or not such prizes could be considered "tainted money." Mr. County Agent C. L. Beason stated that his good friend, E. W. Crenshaw, said once upon a time, in speaking concerning the acceptance of such benevolences, that all he had to say concerning such is "Taint enough."

### Steele's Store Prospects.

District Agent A. W. Buchanan and County Agent C. L. Beason went to the Brazos Bottoms Tuesday, visiting the club projects of Johnnie Perrone and others. Johnnie has an acre in cotton that is quite promising, and Mr. Buchanan stated that the corn of this club boy is the best he has seen from here to the Sabine river. Johnnie Perrone stands a good chance to win some prizes this year, and if all the other club members at Steele's Store show up records equally as fine, that Delco plant to be given to the best club in Texas might light that new consolidated school building at Steele's Store. At any rate, let's anchor that light plant in Brazos county. Only three more months remain in which we may finish up our club work for the great contest.

### Brazos Raised Enrollment.

It is stated that District 2, of which Brazos county is a part, is the only district in Texas showing an increased enrollment in club work this year. The next news you hear will be that Brazos county has again won State championship in club work winning the Delco light plant, the Holland \$100 prize for the best club in the state and the Holland \$100 prize for the best club in the district, too. This is not counting individual prizes of great trips, scholarships, etc. Isn't club work a wonderful opportunity for the boys and girls of today? Are you lending your support as you should?

### LABOR DAY WILL BE OPEN HOUSE AT THE GUN CLUB GROUNDS

Next Monday, Labor Day, the Bryan Gun Club will hold an open shoot all day long. Everybody, men and women of Bryan and Brazos county, are cordially extended an open invitation to come and shoot—try out their marksmanship on this day. A nominal charge of 2 cents per target will be made, or 50 cents for 25 targets. Shells may be purchased on the grounds or elsewhere. Ladies are given a special invitation to enjoy the hospitality of the Club on this day.

### OUTDOOR REVIVAL SERVICES CONTINUE

The services continue in interest and power. The preacher, Rev. R. L. Cole, is doing some vital preaching. Those who attend are greatly helped and much interested. Several have united with the church, and others are waiting.

The election is over and everybody ought to attend. It is a good opportunity to help bring men to Christ. Every Christian can find some one out of Christ and bring him or her to the meeting. Bryan needs to be called to repentance. Our people are all greatly indifferent to religion. We are to much wrapped up in the material things, and need God in our lives. Live for God. The evangelist preaches earnest messages and you will be blessed if you will come out. Services every night (only) at 8 p. m. You are most cordially invited to attend.

### CAR REGISTRATIONS FOR BRAZOS COUNTY

The following is a list of the registrations of new cars at the office of County Tax Collector Roy Hudspeth, since the last previous publication of last week: J. J. Koh, Bryan; Maxie Wickes, Bryan; D. C. Thornton, Bryan; Mrs. Rosa Woodard, Bryan; Annie Lee Taylor, Bryan; J. L. Edge, Bryan; V. M. White, Bryan; Tom Maby, Bryan, Route 5; W. F. Burney, Bedias, Route 1; J. L. Sample, Tabor; Albert Osterpeny, Bryan; Joe Mendel, Bryan; H. L. Tobias, Kurten; E. K. Spark, College Station.

Mr. and Mrs. Will Henderson of Kurten were in Bryan today trading with Bryan merchants.

### COTTON MARKET

Cotton futures closed 50 points down. Local spots were quoted at 24 1-2 cents.

## COUNTY AGENT BEASON LEAVES WEEK'S VACATION

County Agent C. L. Beason and daughters, Elliott, Frances and Emma, left today by auto for East Texas to visit Beckville and Carthage, in Panola county. They went by the Ford route and expect to be away one week.

## POLITICAL RALLY HELD AT EDGE ON FRIDAY NIGHT

Friday night at Edge school house following a Farm Cotton Bureau Association meet a political rally was held. Hon. Oak McKenzie, county attorney and J. E. Covey spoke in behalf of Judge Felix D. Robertson of Dallas and Judge J. T. Maloney spoke for Mrs. Miriam Ferguson, candidates for governor in today's Democratic primaries.

## THREE INJURED IN A SERIOUS CAR WRECK ON THE BENCHLEY ROAD

Mr. and Mrs. John Osenbaugh, and son, Robert, age 4 years, of Breckenridge, happened to a serious accident late Friday afternoon a few miles north of Bryan on the Benchley road. Upon approaching the bridge just this side of the Seale home their car struck some ruts and was said to have turned over three times with its occupants and contents. It was at first thought that Mrs. Osenbaugh's back was broken, but upon being rushed to the Bryan hospital in a McCulloch-Gordon Co. ambulance an X-ray examination disclosed that her back was only badly sprained, and that she also suffered severe internal stomach injuries and numerous bodily bruises. The son, Robert, received a fractured jaw, and Mr. Osenbaugh got off with light cuts and bruises. The Nash touring car was badly damaged, but will be repaired in a day or so, when Mr. Osenbaugh hopes to resume his journey. It will be necessary for his wife to remain here under treatment for some time. Mr. Osenbaugh is a Texas Company employee and had been with his family for a vacation at Corpus Christi.

## DOCTOR BRALLEY DEAD HEAD C. I. A. AT DENTON

(By Associated Press).  
DALLAS, Aug. 23.—Doctor F. M. Bralley, president of the College of Industrial Arts, at Denton, one of the largest girls' schools in the Southwest, died in a hospital here this morning. He had been suffering from an attack of pneumonia.

Bralley had been president of the College of Industrial Arts since 1914. For many years previous he was prominent in education, from 1910 to 1913. He was born in Honey Grove, Fannin county, March 6, 1867. He came to Baylor Hospital here recently, but it was not generally known that his condition was so serious. He is survived by his widow and four sons.

When informed of the death of Dr. Bralley, of Denton, this morning, Dr. W. B. Bizzell, president of the A. and M. College, expressed regret and stated that "President Bralley had rendered a notable service to the cause of education in Texas. As a county superintendent of schools, as a state superintendent of public instruction, and as president of the College of Industrial Arts, he had taken a progressive attitude toward educational problems and policies. His death will remove one of the outstanding educational leaders from public affairs in Texas."

## E. H. ASTIN HOME FROM A TOUR OF THE WEST

E. H. Astin returned this morning from a month's visit through the Western part of the United States and up into Canada. He was accompanied on the trip by Mrs. Astin, their daughter, Miss Onah, Miss Myrtle Dillard and Ward Moore. The others of the party are now in California and will remain for a longer vacation visit. On the way westward the party visited the Grand Canyon, Yellowstone Park, and other points of interest, including a tour through California, Oregon and on to Seattle, Washington, and a boat trip to Victoria, British Columbia. They enjoyed the fine, cool climate and enjoyable mountain air, and Mr. Astin returns feeling much better and states that his improved health is largely due to the heavy consumption of California prunes.

## MRS. DULANEY ENTERTAINS OLLIS BEAUCHAMP WITH PARTY AT FIN-FEATHER CLUB

Ollis Beauchamp fourteen years old, an inmate of the Methodist Orphanage at Waco, is in Bryan for a visit to the members of Group No. 5 of the Women's Missionary Society of the First Methodist church of this city. These Christian women have, for the past seven years, contributed to the support and loved and cared for this orphan lad, and to them he looks for all that is beautiful and helpful in life. His annual visits to Bryan, when he is entertained as members of their own families, are an oasis in his life to be cherished through all the years of his future. Last evening at Fin-Feather Club, Mrs. Nelson Dulaney assisted by other members of Group No. 5, gave a delightful little party in honor of Ollis Beauchamp, their guest, and he, and all others present enjoyed every minute of the time.

## DR. BIZZELL BACK FROM AMARILLO AND CANYON

Dr. W. B. Bizzell, president of the A. and M. College, returned on Friday afternoon from a trip to Amarillo and Canyon, in West Texas. He attended and addressed a meeting of the Panhandle Farmers' Congress, a new organization scheduled to meet annually. He addressed the teachers at the Canyon Normal at the closing session of the summer term.

## COL. C. A. SEWARD OF POTTER COUNTY BEEN NAMED AS ENGINEER

Col. O. A. Seward, of Potter county, has been designated as county engineer for Grimes county to begin work on the road construction program not later than September 1st. Such action was taken by the Commissioners Court yesterday at Anderson when bids for the position of county engineer were considered by the court. Col. Seward enters upon this work as county engineer on a salary of \$400 per month.

He is to start actual work in the county as early as possible, not later than September 1st. The engineer was a lieutenant-colonel in the late war and is now enlisted in the army reserve corps. He is said to be an engineer of wide experience and comes highly recommended. The contract with the former engineering concern was cancelled by the Commissioner Court on July 31st, and the road program has been dozing during August, but the Court has now entered into a contract with a new man and the work is to go forward immediately.—Navasota Examiner.

## DR. B. YOUNGBLOOD WORE SUIT MADE OF WOOL AND MOHAIR

(From Sheep and Goat Raisers' Magazine, August, 1924)

B. Youngblood of College Station director of the Texas Experiment Station, is not a raiser of either sheep or goats, except in an advisory capacity, yet he is perhaps the only man who attended the convention at San Angelo who wore a suit made of both virgin wool and high-grade mohair. E. K. Fawcett of Del Rio, president of the Sheep and Goat Raisers' Association, called attention to it, and here's the story of it:

"For years I have worn mohair suits in the summer because they are both durable and cool," said Dr. Youngblood, with whom was L. M. Murphy, of Del Rio, wool and mohair buyer for S. W. Bridges & Co., Boston. "Before the season was over the suits got dingy and often came to pieces, and I asked Murphy if I couldn't get a suit with wool and mohair in it that would wear better. He did."

"The material as woven by the Farr Alpaca Company, of Holyoke, Mass., and was tailored by Hamilton Brothers of Houston," Mr. Murphy explained. "It would retail for \$5 or \$6 a yard, making the suit cost around \$65."

"And it don't pull, holds its shape, presses well, is as light as a feather and as cool as a track suit," concluded Dr. Youngblood.

## HUNTING LAW OF THE STATE OF TEXAS IS GIVEN BRIEFLY BELOW

To date not a single hunting license has been issued by County Clerk A. S. McSwain for Brazos County, though the season opened on squirrels some time ago and will shortly open on doves and other birds. For the benefit of hunters in this section, the game laws of Texas, as listed on the back of the license to be issued, is briefed below, together with the two zones, the open season on different classes of game and the bag limits per day and per season.

### Bag Limit and Season

You must not kill, catch, possess or ship, at any time during the year, antelope, mountain sheep, woodcock, wood duck, egret or other plumed bird non-game waterfowl, songbird, in seductive bird, pheasant, turkey hen, deer or spotted fawn. You must not hunt from motor boat, sailboat, airplane or boat under tow; and must not hunt at night with any sort of light or lantern. You must not buy or sell (or barter) any game bird or animal. You may kill at any time, in any numbers, English sparrows, ricebirds, and blackbirds, buzzards, crows, owls, hawks, (except sparrow hawks), and rabbits. Also the following game:

The open season—not conflicting with either state or Federal laws—North Zone: north and west of L. G. N. and T. P. railroads running from Laredo to San Antonio to Austin to Longview to Texarkana. Doves, geese, brant, Wilson or jack snipe, September 1 to December 15. Ducks, October 16 to January 15. South Zone: south and east of L. G. N. and T. P. railroads running as above: Doves, November 1 to December 15. Fayette County, December 1 to 15. Ducks, geese, brant, Wilson or jack snipe, November 1 to January 31. Deer, November 1 to December 31. Closed in Bosque county. Quail and chachalaca, December 1 to January 31. Closed on blue quail in Lampasas County. Quail Fayette County, open season is month of December. Plover, October 16 to December 15. Federal closed season on upland plover, squirrel, Angell, Cherokee, Hardin, Liberty, Nacogdoches, Dallas, Rockwall, Tyler, Jefferson, Orange, Jasper and Newton counties, August 1 to December 31. Wild Turkey: November 1 to December 31. Exceptions of several counties not listed in this article. Prairie Chicken: Only in Gray, Wheeler, Hemphill and Lipscomb Counties, September 1 to 10.

### Various Bag Limit

Never more than 25 of all kinds in one day's bag, and never shipping or possessing more than a grand total of 75 of all kinds. Deer: three bucks in a season; quail and chachalaca, 15 in one day; wild turkey, three gobblers, except only two in certain listed counties. Doves or plover, 15 in any one day; geese and brant, not more than 8 in any one day; ducks and jacksnipe, not more than 25 in any one day; prairie chicken, not more than five in any one day and not more than 15 in any one season; squirrels, 5 in any one day.

## FORMER BRYAN CITIZENS MAKE RETURN VISIT HERE

Mr. and Mrs. R. H. Berry and daughter, Eleanor, and Mr. and Mrs. Lee Clayton, all of Waco, were here for a week-end visit to Mr. and Mrs. W. S. Higgs. Mr. and Mrs. Berry and Mr. and Mrs. Clayton returned to Waco late Sunday, but Miss Eleanor remained for a longer visit. Mr. and Mrs. Berry, formerly lived in Bryan and still have many friends in Bryan and Brazos county. Mr. Berry held a position with the Bryan Cotton Oil Mill.

## BENCHLEY BUDGET.

BENCHLEY, Aug. 27.—Mrs. Will Peyton and daughter, Miss Margaret and son Jim and Mrs. Jesse Peyton motored to Groesbeck where they visited the latter's husband Jesse Peyton.

Jim Smith and family of Hearne spent Sunday here with friends and relatives.

Willie Henry and family of Edge spent Sunday here with S. R. Rice and family.

Gus Bade made a flying trip to Franklin Monday.

Mrs. Dave Williams and family of Leggett were called to the bedside of her mother, Mrs. Paul Merka, who is dangerously ill in Bryan Hospital. We wish for Mrs. Merka a speedy recovery.

Ed Miller and family of Wheelock were pleasant visitors here Sunday.

C. R. Wood and family, Mrs. C. B. Franklin and Miss Effie Rice attended the dance at River Side. All reported a fine time. They were accompanied home by Mrs. Ed Cameron and children of Tabor.

Miss Lucile Winstead and brother, Guy were Sutton visitors Saturday.

Will Thompson of Franklin was in our little burg Friday.

Mr. and Mrs. Gus Bade, Miss Leafy Sikes, Clyde Bowman, Ross Cameron, Hugh Rice, Wayne and Harrol Wood, Tom Sikes, Joe Jurosko, Guy Winstead, and Curtis Haltom were among those that spent Sunday at Sandy Point where the boys enjoyed a fine day of swimming.

Mrs. Bill Peyton and baby and Miss Lila Moss of Sutton were here Monday.

B. F. Peeler and daughter of Wheelock were in our midst one day last week.

Ross Cameron and Miss Effie Rice were Sutton visitors Saturday.

Come on Edge and Kurten, we are always glad to hear from you.

## TABOR TIDBITS

TABOR, Aug. 27.—The old adage "make hay while the sun shines," is being put into practice in our community. The farmers are laboring to get their crops in before the drought is broken. We are having splendid weather for harvesting and if it continues we will soon be through.

Miss Hazel Bacon of Frankston has been visiting her sister Mrs. W. S. Colson. She was accompanied home by Mr. and Mrs. W. S. Colson who will spend a few days visiting relatives there.

Misses Maggie and Susie Benbow, Mr. Earl Presnal, Mr. Walter Armstrong, and daughter, Estelle have been visiting in Houston.

Miss Frances Locke of Bryan spent last week in our community as guest of Mr. and Mrs. Cy Kountz.

Mr. and Mrs. C. M. Risinger and daughter, Miss Bertie spent the week end with Mr. and Mrs. J. T. Closs, Jr.

Mrs. J. M. Closs and daughter Le la Annie, Mr. and Mrs. Ted Cook and little son, Ted M.

## KINGS HIGHWAY

(Special to Bryan Daily Eagle).  
KINGS HIGHWAY, Aug. 26.—Saturday, August 23rd, closed the ninth week without any rain in this section. Needless to say, things are getting dry.

Cotton is opening very fast, and from present indications, picking will soon be over. Quite a falling off in expected production, but not all as desperately a failure as one man reported when asked about his crop. "One boll is open and we expect the other to open soon as it rains."

P. O. Connor of Marquette was a visitor in this neighborhood last Sunday. He has accepted the position as principal of the Kings Highway school for next term. Miss Madge Henry of Navasota will be the assistant teacher. Plans are being made to open school October 1, if cotton picking is sufficiently over. Money raised by the women with a play and box supper was used to purchase an up-to-date steel bookcase for the school.

Bob Hardin reports killing a rattlesnake with fourteen rattles. No, there isn't anything suspicious about this—he only saw one!

One of the most exciting things to happen in this community for a long time was the surveying of the Navasota bottom for a good road to Normangee. We are wondering if our Fords would know how to cross that bottom without dodging around trees.

## STATUES OF FAMOUS SOUTHERN MEN WILL BE UNVEILED THURSDAY

AUSTIN, Aug. 27.—On Thursday of this week the four magnificent statues now reposing in the American National Bank of this city will be placed in the rotunda of the State Capitol to remain until they become part of the colossal Southern memorial at the University of Texas, made possible by a \$250,000 bequest by the late Major George W. Littlefield. Announcement to that effect was made by H. A. Wroe, president of the bank, and an administrator of the Littlefield will.

The statues depict Albert Sidney Johnston, Robert E. Lee, Jefferson Davis, and Woodrow Wilson. Later there will be added those of James Stephen Hogg and John H. Reagan.

## LONGEST UNPAVED ROAD

"The longest straight stretch of unpaved highway in Texas, according to my travels over the state, lies just to the south of Rockport, between Aransas Pass and Gregory," said H. D. Cuykendall, city editor on the Bryan Daily Eagle, the city that claims College Station—where the A. and M. College is located—as a suburb. Mr. Cuykendall and family drove into Rockport on Wednesday afternoon on their way to the Cool Coast Camp, to spend a couple of days' vacation. They stopped in at the Pilot office for a visit with the "ole man," and swapped tobacco. They have been to San Antonio and Medina Lake, where they had been told fairy tales of the wonderment fishing, but they (the fish) refused to bite just at this season. Leibold's upper camp, said Mr. Cuykendall, is eleven miles through the young mountains off the Bandero road. It is up hill and down, one after another, without end, it seems. The eleven miles stretches out in one's imagination to about 111. He wore out the foot clutch and the foot brake keeping the car from running wild down hill and now the reverse is all that he has left. That's the way he came into Rockport—running backwards on the way home to Bryan.—Rockport Pilot.

## MARRIAGE LICENSES FOR BRAZOS COUNTY

The following is a list of the marriage licenses issued at the office of County Clerk A. S. McSwain, since the last previous publication of last week: Joe Kerney and Hattie Mae Curtis; G. W. Stevenson and Addie Irvan; Eddy Conley and Kenneth Davis; Fennan Anderson and Cyrilla Logan; Lonnie Thompson and Legai-na Bradley; Riley Sandle and Annie Williams; Ezekiel Duren and Eliza Phillips; Jacob Littleton and Ida Robertson; R. H. Hayes and Clairinda Parker.

## THE STENOGRAPHER PREEMINENT

Is necessarily an extensive reader with a ready reference dictionary as an inseparable companion and consequently possesses a rich variety of useful and practical information, a comparatively unlimited vocabulary which gives her a fluency of expression characteristic of the brilliant and entertaining conversationalist as well as a valuable contributor to literary periodicals, as daily and weekly papers, journals and magazines, thereby very materially increasing her financial income in addition to her social distinction in the educated world.

A number of our former lady students have ascended to a high pinnacle on this ladder of fame and among them could have been included a number of our Bryan lady students had their ambition led in this direction, the same is true of several of our students at the present time.

In the stenographic field are different degrees of proficiency which measure the rate of compensation. And it is with the ambition of the student to say whether it shall be \$15.00 or \$50.00 per week.

## PREPARE

Is the one word that puts you in line for the best.

## GOING PEEP BEHIND THE SCENES AT THE MAKING OF "NORTH OF 36"

Mr. and Mrs. W. R. Fairman will leave Sunday morning by car for Basset, Blakey's ranch, near Richmond, Texas, where they will observe the making of the pictures from Emerson Hough's great historical novel of Texas when "Cattle Was King," "North of 36." They have been given a special invitation to come and witness operations and meet some of the film stars taking part in the picture. Mr. Fairman is chairman of the organized Texas distributors.

## HOME DEMONSTRATION STAFF MEMBERS IN A PARTY TO MISS HIGGINS

The staff members of the home demonstration department of the Extension Service of A. and M. College entertained on Monday evening at the home of Mrs. C. E. Friley on College campus, with a beautiful miscellaneous "shower," given in honor of Miss Helen Higgins, whose marriage to Mr. E. E. Davis of Nacogdoches State Teachers' College, will be solemnized Wednesday, August 27th, at 2 p. m., at College Station. Miss Higgins has been the state agent of the home demonstration work for several years past, and has won the hearts of all with whom she has been associated. These co-workers honored her on the eve of her marriage with this beautiful social courtesy. A full account of this affair will appear in the social columns of the Eagle on Friday.

## LEAGUE COUNCIL MEET

The Council of officers of the Epworth League of the First Methodist Church met last night at the home of Miss Elliott Beason for a discussion of the work and to hear echoes of the Western League Assembly at Fayetteville, Ark. Miss Beason and Sam Crenshaw were representatives from the Bryan League at the Assembly meetings. Those present at last night's meeting were: Messrs Nellie Edgett, Eugene and Emile Cochran, Elliott Beason and Sam Crenshaw.

## LONDON BRIDGE IS JUST ABOUT READY REALLY FALL DOWN

(By Associated Press).  
LONDON, Aug. 27.—The familiar rhyme, "London bridge is falling down," loses its blithe note on the ears of London officials, who have received warning that the ancient structure is bordering on the condition described in Mother Goose. River workers report that one of the piers has dropped four inches under the stress of traffic through the structure when Waterloo bridge, another of London's giant arteries spanning the Thames, became incapacitated for heavy vehicles. Tests are shortly to be made to ascertain the repairs necessary to save the London bridge, the original stone structure dating from 1176. The present bridge was rebuilt in 1831.

## HARVEY HAPPENINGS

(Special to Bryan Daily Eagle).  
HARVEY, Aug. 27.—During the last two weeks in July the Harvey correspondent was visiting in Cooper-ton, Okla., a little village surrounded by the beautiful and picturesque range of Wichita mountains in southwestern part of the state. The grasshoppers had made terrible ravages on the cotton and corn, but arrived too late to injure the wheat crop, which was all shocked and being threshed out when we were there. The residents claimed it was the finest and heaviest crop of wheat made in that section for years, and was selling direct from the threshing machines at 60c per bushel and delivered for 12 miles or more. It was very cool and delightful while we were there, so we were disappointed when we returned home to find all our peaches dried up on the trees and the grass all brown. We have been home now a month and not a single shower has fallen to cool the atmosphere nor revive the parched grass. In fact we have had no rain since the early part of June. Farmers around here are all drawing water for their stock, or driving them to far off pastures where water is available.

Rev. R. L. Brown held his regular service at Harvey church Sunday, to a very good congregation and preached a very interesting sermon to the young Christians, explaining what is meant by a Christian life.

Mr. and Mrs. Jim Kelly are rejoicing over the birth of their first son born two weeks since, just thirteen years after the day they were married. His name is Gervase Searcy. These good people adopted a baby girl two or three years ago of which they are very fond.

Jno. Dyers, accompanied by his son Demprie, daughter Iris, and Irvin Todd, motored to Lubbock last week and brought home with them Miss Florence Dyers who has been attending summer school up there. Mr. Dyers reports crops fine there, some expecting to make a bale of cotton to the acre. He was delighted with that part of the state. Demprie Dyers remained up there. Miss Annie Dyers arrived Sunday to spend her two weeks vacation with her home folks. Miss Annie is taking a course as a trained nurse, at the Sealy Hospital in Galveston, and is very enthusiastic over her work, and pleased with all her surroundings.

George Davidson, after an illness of four weeks at his parents' home at last gained strength enough to take the trip to Lincoln, Neb. where he will take a course in the university there, to get his M. S. degree in Electrical Engineering, and will also receive employment as assistant teacher in that branch. He left last Friday, stopping over in Dallas for a few days, visit to friends there.

## BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

### Army Worms In Cotton.

Passing along some of the cotton fields one may smell army worms in the fields. Perhaps it is too late for much damage to be done now, but late cotton, and cotton in the bottoms where it is yet green and flourishing should be carefully watched and poisoned if the worms make their appearance, using calcium arsenate, arsenate of lead, or Paris green. In a letter to county agents, Director T. O. Walton quotes Dr. F. L. Thomas, State entomologist, as giving the following suggestions with reference to the use of the above named poisons: "When applied in dust form, calcium arsenate may be used without diluting. Arsenate of lead may be mixed with one-fourth as much hydrated lime to improve its physical qualities, thus permitting the poison to be more easily applied; it also possesses the advantage of adhering to the plants for a greater length of time. Paris green, when dusted, should be mixed in the proportion of one part Paris green to eight parts of hydrated lime."

### Tabor's Community Fair.

Tabor's community fair, announced of her fifth annual community fair, Friday, September 26, 1924, J. T. Abbott, president; Mrs. R. F. Crenshaw secretary. It will be observed that quite a change has been made this year in the premium list, but it covers a wide area and will, evidently, be conducive to even a better fair than heretofore. The boys and girls in the club may feel that they have been discriminated against, when it appears that adult farmers are given \$250 first prize on corn while club members get only 75 cents prize, but club members will need less incentive to do the best than will adult people, so this may account for the seeming discrimination. In selecting your corn for community and county fair, don't forget that the ear of corn which wins at your fair may also win that \$500 at the East Texas Cotton Palace and Corn Show.

### Praying for Chicago Trip.

One club member writes that he is not only working hard on his project, but that he is also praying every day that he may win a trip to Chicago. He states that he is just now realizing what club work may mean to him. Mark my prediction, you will hear of the success of this boy later. Work and prayer will win.

### Two Bales Already Ginned.

During the recent Short Course, it was stated that the prize of \$1,000 offered by the Dallas News had done more to stimulate better acreage production than any other thing that had ever been done. With unfavorable seasons, one of the contestants in Brazos county has already ginned two bales from five acres and will, likely get more than three additional bales, making the total five bales or more. This ought to serve to show us that we can make more bales per acre, one of the essentials the Dallas

## FAREWELL PARTY FOR JUANITA GOMEZ WHO IS LEAVING FOR HOLDING INSTITUTE

Mrs. H. N. Cochran was hostess for a shower given on Tuesday afternoon at her home, honoring Miss Juanita Gomez, who is returning to Holding Institute at Laredo to finish her studies. Juanita is being educated by the Woman's Missionary Society of the First Methodist church of Bryan as a missionary to go out and work among the Mexicans, her own people. This is Juanita's third year at Holding Institute, and those interested think she has made wonderful progress. Only members of her Sunday school class were included in the invitation and each one brought some useful gift to Juanita expressing their interest in her progress and extending good wishes. After games and conversation, fruit punch and cake was passed to the following: Misses Wava Martin, Louise Martin, Elliott Beason, Nellie Edgett, Edna Earl Cummings, Sarah Boyett, Eugene and Emile Cochran.

## PRE-NUPTIAL DINNER HONORING MISS M HELEN HIGGINS, AT A. M.

As a pre-nuptial courtesy to Miss M. Helen Higgins, state home demonstration agent, Extension Service of the A. and M. College, an elegant dinner was given in her honor on Tuesday evening in the private dining room at the Mess Hall. Covers were laid for thirty guests, and the affair was elegant in every detail, from the very attractive table decoration, through the delicious four-course dinner served and the program of entertainment which followed. Trailing smilax outlined the central floral piece, which ran the entire length of the table; bright pink altheas blossoms giving rich coloring amid the green leaves. Green candles in crystal candlesticks, bowed with pink tulle, further adorned the dinner table, and attractive place cards, each containing advice for the bride, and which were read during the evening, were an added feature of beauty and pleasure.

T. O. Walton, director of the Extension Service, was toastmaster, and in a pleasing way gave the guests opportunity to express their love and admiration for Miss Higgins, the guest of honor, but also to give advice as to training and holding, and even how to cook for a husband. Good fellowship and real friendships, made true and lasting by association, gave a zest to the evening which will long be remembered by all present. At the close of the dinner, the bride-to-be cut the bride's cake first, and was followed by all the guests, each giving a good wish for the future of Miss Higgins and her fiancé, Mr. E. E. Davis.

News hopes to point out to the farmers of Texas. A careful study of the methods and practices of the several thousands farmers entering this great contest should certainly be helpful to the other farmers in arriving at better farming methods.

### More Terracing Demands.

J. R. Stewart, one of the prominent farmers of the Reliance community, was in to see the county agent Monday of this week, asking that help be given him a little later on in the matter of terracing his hill lands. Scores of other farmers have already asked that they be remembered in the terracing campaign this fall and winter. Practically all farmers are beginning to look on terracing as the best means to check soil washing and as the only way to lay the foundation for the building of a better soil.

### Prizes for Encouragement.

In a meeting of county agents held at College during the Short Course, the matter of whether or not it is best to accept any sort of prizes for club work, or the encouragement of a better agriculture, was discussed in order to bring out an expression as to whether or not such prizes could be considered "tainted money." County Agent C. L. Beason stated that his good friend, E. W. Crenshaw, said once upon a time, in speaking concerning the acceptance of such benevolences, that all he had to say concerning such is "Taint enough."

### Steele's Store Prospects.

District Agent A. W. Buchanan and County Agent C. L. Beason went to the Brazos Bottoms Tuesday, visiting the club projects of Johnnie Perrone and others. Johnnie has an acre in cotton that is quite promising, and Mr. Buchanan stated that the corn of this club boy is the best he has seen from here to the Sabine river. Johnnie Perrone stands a good chance to win some prizes this year, and if all the other club members at Steele's Store show up records equally as fine, that Delco plant to be given to the best club in Texas might light that new consolidated school building at Steele's Store. At any rate, let's anchor that light plant in Brazos county. Only three more months remain in which we may finish up our club work for the great contest.

### Brazos Raised Enrollment.

It is stated that District 2, of which Brazos county is a part, is the only district in Texas showing an increased enrollment in club work this year. The next news you hear will be that Brazos county has again won State championship in club work winning the Delco light plant, the Holland \$100 prize for the best club in the state and the Holland \$100 prize for the best club in the district. This is not counting individual prizes of great trips, scholarships, etc. Isn't club work a wonderful opportunity for the boys and girls of today? Are you lending your support as you should?

## LABOR DAY WILL BE OPEN HOUSE AT THE GUN CLUB GROUNDS

Next Monday, Labor Day, the Bryan Gun Club will hold an open shoot all day long. Everybody, men and women of Bryan and Brazos county, are cordially extended an open invitation to come and shoot—try out their marksmanship on this day. A nominal charge of 2 cents per target will be made, or 50 cents for 25 targets. Shells may be purchased on the grounds or elsewhere. Ladies are given a special invitation to enjoy the hospitality of the Club on this day.

## OUTDOOR REVIVAL SERVICES CONTINUE

The services continue in interest and power. The preacher, Rev. R. L. Cole, is doing some vital preaching. Those who attend are greatly helped and much interested. Several have united with the church, and others are waiting.

The election is over and everybody ought to attend. It is a good opportunity to help bring men to Christ. Every Christian can find some one out of Christ and bring him or her to the meeting. Bryan needs to be called to repentance. Our people are all greatly indifferent to religion. We are to much wrapped up in the material things, and need God in our lives. Live for God. The evangelist preaches earnest messages and you will be blessed if you will come out. Services every night (only) at 8 p. m. You are most cordially invited to attend.

## CAR REGISTRATIONS FOR BRAZOS COUNTY

The following is a list of the registrations of new cars at the office of County Tax Collector Roy Hudspeth, since the last previous publication of last week: J. J. Koh, Bryan; Maxie Wickes, Bryan; D. C. Thornton, Bryan; Mrs. Rosa Woodard, Bryan; Annie Lee Taylor, Bryan; J. L. Edge, Bryan; V. M. White, Bryan; Tom Maby, Bryan; Route 5; W. F. Burney, Bedias, Route 1; J. L. Sample, Tabor; Albert Operstney, Bryan; Joe Mendel, Bryan; H. L. Tobias, Kurten; E. K. Spark, College Station.

Mr. and Mrs. Will Henderson of Kurten were in Bryan today trading with Bryan merchants.

## COTTON MARKET

Cotton futures closed 50 points down. Local spots were quoted at 24 1-2 cents.

## COUNTY AGENT BEASON LEAVES WEEK'S VACATION

County Agent C. L. Beason and daughters, Elliott, Frances and Emma, left today by auto for East Texas to visit Beckville and Carthage, in Panola county. They went by the Ford route and expect to be away one week.

## POLITICAL RALLY HELD AT EDGE ON FRIDAY NIGHT

Friday night at Edge school house following a Farm Cotton Bureau Association met a political rally was held. Hon. Oak McKenzie, county attorney and J. E. Covey spoke in behalf of Judge Felix D. Robertson of Dallas and Judge J. T. Maloney spoke for Mrs. Miriam Ferguson, candidates for governor in today's Democratic primaries.

## THREE INJURED IN A SERIOUS CAR WRECK ON THE BENCHLEY ROAD

Mr. and Mrs. John Osenbaugh, and son, Robert, age 4 years, of Breckenridge, happened to a serious accident late Friday afternoon a few miles north of Bryan on the Benchley road. Upon approaching the bridge just this side of the Seale home their car struck some ruts and was said to have turned over three times with its occupants and contents. It was at first thought that Mrs. Osenbaugh's back was broken, but upon being rushed to the Bryan hospital in a McCulloch-Gordon Co. ambulance an X-ray examination disclosed that her back was only badly sprained, and that she also suffered severe internal stomach injuries and numerous bodily bruises. The son, Robert, received a fractured jaw, and Mr. Osenbaugh got off with light cuts and bruises. The Nash touring car was badly damaged, but will be repaired in a day or so when Mr. Osenbaugh hopes to resume his journey. It will be necessary for his wife to remain here under treatment for some time. Mr. Osenbaugh is a Texas Company employee and had been with his family for a vacation at Corpus Christi.

## DOCTOR BRALLEY DEAD HEAD C. I. A. AT DENTON

(By Associated Press).  
DALLAS, Aug. 23.—Doctor F. M. Bralley, president of the College of Industrial Arts, at Denton, one of the largest girls' schools in the South west, died in a hospital here this morning. He had been suffering from an attack of pneumonia. Bralley had been president of the College of Industrial Arts since 1914. For many years previous he was prominent in education, from 1910 to 1913. He was born in Honey Grove, Fannin county, March 6, 1867. He came to Baylor Hospital here recently, but it was not generally known that his condition was so serious. He is survived by his widow and four sons.

When informed of the death of Dr. Bralley, of Denton, this morning, Dr. W. B. Bizzell, president of the A. and M. College, expressed regret and stated that "President Bralley had rendered a notable service to the cause of education in Texas. As a county superintendent of schools, as state superintendent of public instruction, and as president of the College of Industrial Arts, he had taken a progressive attitude toward educational problems and policies. His death will remove one of the outstanding educational leaders from public affairs in Texas."

## E. H. ASTIN HOME FROM A TOUR OF THE WEST

E. H. Astin returned this morning from a month's visit through the Western part of the United States and up into Canada. He was accompanied on the trip by Mrs. Astin, their daughter, Miss Onah, Miss Myrtle Dillard and Ward Moore. The others of the party are now in California and will remain for a longer vacation visit. On the way westward the party visited the Grand Canyon, Yellowstone Park, and other points of interest, including a tour through California, Oregon and on to Seattle, Washington, and a boat trip to Victoria, British Columbia. They enjoyed the fine, cool climate and enjoyable mountain air, and Mr. Astin returns feeling much better and states that his improved health is largely due to the heavy consumption of California prunes.

## MRS. DULANEY ENTERTAINS OLLIS BEAUCHAMP WITH PARTY AT FIN-FEATHER CLUB

Ollis Beauchamp fourteen years old, an inmate of the Methodist Orphanage at Waco, is in Bryan for a visit to the members of Group No. 5 of the Woman's Missionary Society of the First Methodist church of this city. These Christian women have, for the past seven years, contributed to the support, and loved and cared for this orphan lad, and to them he looks for all that is beautiful and helpful in life. His annual visits to Bryan, when he is entertained as members of their own families, are an oasis in his life to be cherished through all the years of his future. Last evening at Fin-Feather Club, Mrs. Nelson Dulaney assisted by other members of Group No. 5, gave a delightful little party in honor of Ollis Beauchamp, their guest, and of all others present enjoyed every minute of the time.

## DR. BIZZELL BACK FROM AMARILLO AND CANYON

Dr. W. B. Bizzell, president of the A. and M. College, returned on Friday afternoon from a trip to Amarillo and Canyon, in West Texas. He attended and addressed a meeting of the Panhandle Farmers' Congress, a new organization scheduled to meet annually. He addressed the teachers at the Canyon Normal at the closing session of the summer term.

## COL. G. A. SEWARD OF POTTER COUNTY BEEN NAMED AS ENGINEER

Col. O. A. Seward, of Potter county, has been designated as county engineer for Grimes county to begin work on the road construction program not later than September 1st. Such action was taken by the Commissioners Court yesterday at Anderson when bids for the position of county engineer were considered by the court. Col. Seward enters upon this work as county engineer on a salary of \$400 per month.

He is to start actual work in the county as early as possible, not later than September 1st. The engineer was a lieutenant-colonel in the late war and is now enlisted in the army reserve corps. He is said to be an engineer of wide experience and comes highly recommended. The contract with the former engineering concern was cancelled by the Commissioners Court on July 31st, and the road program has been dozing during August, but the Court has now entered into a contract with a new man and the work is to go forward immediately.—Navasota Examiner.

## DR. B. YOUNGBLOOD WORE SUIT MADE OF WOOL AND MOHAIR

(From Sheep and Goat Raisers' Magazine, August, 1924).  
B. Youngblood of College Station, director of the Texas Experiment Station, is not a raiser of either sheep or goats, except in an advisory capacity, yet he is perhaps the only man who attended the convention at San Angelo who wore a suit made of both virgin wool and high-grade mohair. E. K. Fawcett of Del Rio, president of the Sheep and Goat Raisers Association, called attention to it, and here's the story of it: "For years I have worn mohair suits in the summer because they are both durable and cool," said Dr. Youngblood, with whom was L. M. Murphy, of Del Rio, wool and mohair buyer for S. W. Bridges & Co., Boston. "Before the season was over the suits got dingy and often came to pieces, and I asked Murphy if I couldn't get a suit with wool and mohair in it that would wear better. He did. "The material as woven by the Farr Alpaca Company, of Holyoke, Mass., and was tailored by Hamilton Brothers of Houston," Mr. Murphy explained. "It would retail for \$5 or \$6 a yard, making the suit cost around \$65."

## HUNTING LAW OF THE STATE OF TEXAS IS GIVEN BRIEFLY BELOW

To date not a single hunting license has been issued by County Clerk A. S. McSwain for Brazos County, though the season opened on squirrels some time ago and will shortly open on doves and other birds. For the benefit of hunters in this section, the game laws of Texas, as listed on the back of the license to be issued, is briefed below, together with the two zones, the open season on different classes of game and the bag limits per day and per season.

**Bag Limit and Season.**  
You must not kill, catch, possess or ship, at any time during the year, antelope, mountain sheep, woodcock, wood duck, egret or other plumbe bird non-game waterfowl, songbird, in seductive bird, pheasant, turkey hen, doe deer or spotted fawn. You must not hunt from motor boat, sailboat, airplane or boat under tow; and must not hunt at night with any sort of light or lantern. You must not buy or sell (or barter) any game bird or animal. You may kill at any time, in any numbers, English sparrows, crows, and blackbirds, buzzards, ravens, owls, hawks, (except sparrow hawks), and rabbits. Also the following game:

The open season—Not conflicting with either state or Federal laws:—North Zone: north and west of L. G. N. and T. P. railroads running from Laredo to San Antonio to Austin to Longview to Texarkana. Doves, geese, brant, Wilson or jack snipe, September 1 to December 15. Ducks, October 16 to January 15. South Zone:—south and east of L. G. N. and T. P. railroads running as above: Doves, November 1 to December 15. Fayette County, December 1 to 15. Ducks, geese, brant, Wilson or jack snipe, November 1 to January 31. ## FORMER BRYAN CITIZENS MAKE RETURN VISIT HERE

Mr. and Mrs. R. H. Berry and daughter, Eleanor, and Mr. and Mrs. Lee Clayton, all of Waco, were here for a week-end visit to Mr. and Mrs. W. S. Higgs. Mr. and Mrs. Berry and Mr. and Mrs. Clayton returned to Waco late Sunday, but Miss Eleanor remained for a longer visit. Mr. and Mrs. Berry formerly lived in Bryan and Brazos county. Mr. Berry held a position with the Bryan Cotton Oil Mill.

## BENCHLEY BUDGET.

BENCHLEY, Aug. 27.—Mrs. Will Peyton and daughter, Miss Margaret and son Jim and Mrs. Jesse Peyton motored to Groesbeck where they visited the latter's husband Jesse Peyton.

Jim Smith and family of Hearne spent Sunday here with friends and relatives.

Willie Henry and family of Edge spent Sunday here with S. R. Rice and family.

Gus Bade made a flying trip to Franklin Monday.

Mrs. Dave Williams and family of Leggett were called to the bedside of her mother, Mrs. Paul Merka, who is dangerously ill in Bryan Hospital. We wish for Mrs. Merka a speedy recovery.

Ed Miller and family of Wheelock were pleasant visitors here Sunday.

C. R. Wood and family, Mrs. C. B. Franklin and Miss Effie Rice attended the dance at River Side. All reported a fine time. They were accompanied home by Mrs. Ed Cameron and children of Tabor.

Miss Lucile Winstead and brother, Guy were Sutton visitors, Saturday. Will Thompson of Franklin was in our little burg Friday.

Mr. and Mrs. Gus Bade, Miss Leafy Sikes, Clyde Bowman, Ross Cameron, Hugh Rice, Wayne and Harrol Wood, Tom Sikes, Joe Juraska, Guy Winstead, and Curtis Hultom were among those that spent Sunday at Sandy Point where the boys enjoyed a fine day of swimming.

Mrs. Bill Peyton and baby and Miss Lila Moss of Sutton were here Monday.

B. F. Peeler and daughter of Wheelock were in our midst one day last week.

Ross Cameron and Miss Effie Rice were Sutton visitors Saturday. Come on Edge and Kurten, we are always glad to hear from you.

## TABOR TIDBITS

TABOR, Aug. 27.—The old adage "make hay while the sun shines," is being put into practice in our community. The farmers are laboring to get their crops in before the drought is broken. We are having splendid weather for harvesting and if it continues we will soon be through.

Miss Hazel Bacon of Frankston has been visiting her sister Mrs. W. S. Colson. She was accompanied home by Mr. and Mrs. W. S. Colson who will spend a few days visiting relatives there.

Misses Maggie and Susie Benbow, Mr. Earl Presnal, Mr. Walter Armstrong, and daughter, Estelle have been visiting in Houston.

Miss Frances Locke of Bryan spent last week in our community as guest of Mr. and Mrs. Cy Kountz.

Mr. and Mrs. C. M. Risinger and daughter, Miss Bertie spent the week end with Mr. and Mrs. J. T. Closs, Jr. Mrs. J. M. Closs and daughter, Leila Annie, Mr. and Mrs. Ted Cook and little son, Ted M. visited in our community Sunday.

Mrs. George Edge and daughter Miss Una of Bryan visited Mr. and Mrs. Will Presnal Wednesday.

Mr. and Mrs. Roy Foraker and son of College Station are visiting Mrs. Foraker's parents Mr. and Mrs. J. L. Broach.

## STEEP HOLLOW STORIES

(Special to Bryan Daily Eagle).  
STEEP HOLLOW, Aug. 27.—We are still having dry, hot weather. Every body is busy picking cotton. Mr. and Mrs. J. D. Barnett and family spent Sunday with Rev. and Mrs. J. W. Rauls of Parker school community.

Mr. and Mrs. B. L. Foster, two children, Lola and B. D., and Mrs. Foster's mother, Mrs. A. J. McMullan, motored to Lexington to visit Mr. Foster's sister, Mrs. S. I. Wilson. Mr. and Mrs. Roy Foster spent Sunday with Mr. and Mrs. Jimmie Cahill of Smetana.

The backward party, which was given in the home of Mr. and Mrs. J. W. Mathis was enjoyed by everybody who attended.

## HAZING AIN'T NO MORE AT THE A. & M. COLLEGE

(Houston Post-Dispatch)  
College hazing is a thing of the past at A. and M. College, but with the "old timers" who form the A. and M. Club of Houston, it is still reverent to when occasion requires. The "bad boys" who like to play "hokey" from the luncheon are given a taste of the "good old medicine," and the morale and esprit de corps is kept at top peak. At the club luncheon Friday in the Rice Hotel roof garden the attendance committee reported the corporal chastisement of one member, and held it up as a warning to other delinquents.

Mr. and Mrs. Elbert Gammon, who have occupied an apartment on South College avenue for the past several months, have moved to the residence of Mrs. Della Wooten on West 25th street, where they will reside.

Mrs. W. A. Withers has returned from Lampasas, where she has been visiting her mother, Mrs. Janie Taylor for the past month.
